

PLURALSIGHT

FAQs

Q: What are the requirements for completing the IT Training for Local Government program?

A: To stay current, please:

1. Redeem licenses within 15 days.
2. Attend an Enablement Session annually.
3. Take one Cyber security course within 60 days.
4. Take a skill assessment in the area of your choice.

Q: How many cyber security classes must I complete, and are there specific courses required?

A: You're required to complete at least 1 cyber security course within 60 days. You can choose any course that interests you from our Pluralsight required content channel. The below link will take you directly to the channel.
