Clearing your Browsing History

**Note:** In all browsers, you can hit **Ctrl + Shift + Delete** on your keyboard as a shortcut to clear your browser history. After you do this, be sure to close and reopen the browser.

### Firefox

1. **Click** on the little icon that looks like bars or books in the top right corner.
2. **Click** on “History”
3. **Click** “Clear Recent History. . .”
4. A box will appear. Make sure everything that you see in the image is **checked** and then **click** “Clear Now”
5. Completely close and reopen Firefox.
Clearing your Browsing History

Internet Explorer

1. Click on the gear icon in the top right corner.
2. Click “Internet options”
3. Under the “Browsing history” area, click “Delete . . .”
4. Another box will appear. Make sure everything that you see in the image is checked and then click “Delete”
5. Click “Ok” on the previous box.
6. Completely close and reopen Internet Explorer.
1. **Click** the three dots in the top right hand corner.
2. **Hover** your cursor over “History” and click “History” in the next dropdown that pops up.
3. **Click** “Clear browsing data” in the left column.
4. **Click** the “Advanced” tab.
5. Make sure everything that you see in the image is **checked** and then **click** “Clear data”.
6. Completely close and reopen Google Chrome.
