## YOUR PATHWAY TO FINANCIAL INDEPENDENCE STARTS NOW...

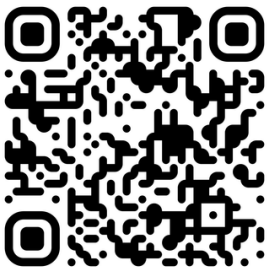

Don't let worries about losing benefits stop you from working - it's an important part of life!

There are many questions to consider:

- Are you afraid that you will lose TennCare or Medicare if you take a job?
- Would you like to work but are concerned that you will lose your benefit check?
- Are you worried that if you take a job, and it doesn't work out, you may not be able to gain benefits again?

TN Department of Disability and Aging's **Benefits Counseling Program** can help you answer these questions and more!
