### Eligible Assistive Technology (AT) Devices/Services

The following are the AT devices that may be provided to eligible children and their families under this program. Some items have a limit as to the number which may be eligible for purchase during the three-year TEIS period. For example, "4/2190" indicates four items per 2190 days (six years), and "6/365" indicates six items per year. For any item typically associated with requiring a set or a pair, such as hearing aids and AFOs, the item number refers to a set or pair if applicable. Note: Paragraph A.25.d of this contract also applies to AT allowable price and allowable shipping and handling.
