

All settlement costs, recording fees, legal fees and other costs relating to the transfer of property will be paid for you.

The purpose of this offer by the City is so you will receive a new dwelling at no cost to you. The City does not intend that you should receive extra "cash" as a result of this program.

If you should sell this dwelling within five years, you will be expected to repay the City/County as described in the Policies and Procedures.

This is a voluntary process. The City will not force you to move. However, this offer is only good as long as the City has the funds to carry out the program.

Sincerely,

City Official
