Cohort Appeals Webinar
May 12, 2020
Frequently Asked Questions

If student withdrawal codes are changed in the SIS, will those pull to EIS and Cohort Application, or do we need to submit a change request worksheet?

Yes. Student who entered 9th grade in 2017 will be the first cohort of students that will graduate in the alternate academic diploma pathway.

Why are we still submitting graduation data?

USEd did not waive the reporting requirements of graduation data. These data will be used in 2020-21 Accountability results.

Will an additional Cohort Change Request date be added to the calendar?

No, the system is built out to the original schedule. Please have **ALL** change requests submitted to TNED.Graduates@tn.gov by **June 11.**

What documentation can we submit in the cohort application for students who have enrolled out of state during the pandemic?

We will accept an email from the school or district that identifies the state and school of enrollment confirming the student is enrolled.

Should we anticipate additional changes in the other phases?

No, the other phases timeline and district expectations will stay the same for the 2020 graduates.

What code do districts use for early graduates?

Districts will use code EA for any early graduate, no matter what time in the year.
