

Adobe Certified Associate (ACA) in Adobe Dreamweaver

Aligned Program of Study: Digital Arts & Design

Description

The Adobe Certified Associate certification is recognized by the industry as a proficiency credential in Adobe digital skills. Application skills in Adobe products are required in several careers with digital design duties. The Adobe Certified Associate in Adobe Dreamweaver exam covers the industry standard for creating and editing compelling HTML rich media websites and mobile apps. It also includes the usage of the Fluid Grid Layout to construct complex web designs with adaptive layouts for a new level of cross-platform compatibility. It allows students to demonstrate hands-on digital skills through a series of application problem-solving scenarios. An Adobe Certified Associate in Adobe Dreamweaver can be combined with other Adobe Certified Associate certifications to obtain a Specialist status.

Certification Information
