

Physical Therapist Aide

Aligned Program of Study: Therapeutic Services, Rehabilitative Services

Description

The Physical Therapist Aide (P.T. Aide) designation provides recognition for students who have the knowledge and skills to assist the physical therapist and the physical therapy assistant in the clinical setting. The P.T. Aide credential is recognized throughout Tennessee and the country. Physical Therapist Aides can be employed in hospitals, clinics, doctors' offices, and other sport or rehabilitation facilities. This credential is a great first step in the path to becoming a physical therapist.

Preparing to offer the credential

Required Instructor Qualification

CTE teachers with a Health Science endorsement are eligible to prepare students for this credential.

Materials and Resources

Preparation material availability varies by test owner and vendor
