

CIW JavaScript Specialist

Aligned Program of Study:

- Coding
- Web Design

Description

JavaScript Specialist is an entry-level certification targeted at high school students interested in coding. There are no prerequisites required to take the exam. The JavaScript Specialist certification focuses on the fundamental concepts of the JavaScript language. This certification ensures students have the JavaScript skills to communicate with users, modify the Document Object Model (DOM), control program flow, validate forms, animate images, create cookies, change HTML, and communicate with databases.
