Aligned Program of Study: Cosmetology

Description

The Hair Braider Registration is required to offer hair braiding services in Tennessee. This registration signifies sixteen hours of training in health, hygiene, and sanitation and is not equivalent to the Natural Hair Stylist License. In Tennessee high schools, this training must be provided by a licensed cosmetology instructor **using materials chosen by the instructor**. This registration must be renewed biennially.

Hair Braider Definition: A person that uses techniques that result in tension on hair strands, such as twisting, wrapping, weaving, extending, locking, or braiding of the hair, by hand or mechanical appliances for compensation, without cutting, coloring, relaxing, removing, chemically treating, or using other preparations to straighten, curl, or alter the structure of the hair.
