

Registered Behavior Technician

Aligned Program of Study: Human and Social Sciences

Description

The Registered Behavior Technician™ (RBT®) is a paraprofessional certification in behavior analysis. RBTs assist in delivering behavior analysis services and practice under the direction and close supervision of an RBT Supervisor and/or an RBT Requirements Coordinator, who are responsible for all work RBTs perform.

Certification Information

Test Owner

Behavior Analyst Certification Board (BACB)

Testing Sites/Centers

The Behavior Analyst Certification Board has partnered with Pearson VUE

Registration Procedures

Details for scheduling a Registered Behavior Technician test, can be found at [BACB](#) by selecting High School Level RBT. [RBT Handbook](#)

Preparing to offer the certification

Required Instructor Qualification

This 40-hour training must be provided by a Board Certified Behavior Analyst (BCBA) or a Board Certified Assistant Behavior Analyst (BCaBA) requiring a partnership between the classroom teacher and a local behavior specialist. The BCBA/BCaBA creates the training based on the [task list](#) located on BACB's web page. Following the 40-hour training, students will be able to register to take their tests on the BACB website.

Vendors

TDOE does not currently have a data-sharing agreement with any vendor for this certification, therefore the burden of proof to provide evidence of earning the certification will be on the school system.

Materials and resources will be selected by the BCBA/BCaBA and will be based on the task list.
