CIW Advanced HTML5/CSS3 Specialist

Aligned Program of Study:
- Coding
- Web Design

Description
The CIW Advanced HTML5 and CSS3 Specialist certifications are the first step in the CIW Web and Mobile Design series. The CIW Advanced HTML5 and CSS3 Specialist certification covers essential HTML5, Cascading Style Sheets (CSS), and JavaScript knowledge. These technologies, known as the Web development trifecta, provide Web pages that easily adapt to smartphones, tablets, gaming devices, and smart TVs, as well as to traditional PCs. These certifications ensure that the students have a deep knowledge of HTML5 and CSS3 and thus assumes a certain amount of existing knowledge (such as basic HTML coding). This course is a natural step from the CIW Foundations Site Development Associate (SDA) certification.
