

HVAC Excellence Employment Ready Certificates

Aligned Program of Study: Mechanical, Electrical, & Plumbing (MEP) Systems

Description

ESCO Group has created many tests to certificate HVAC professionals in the many different areas of the profession. These for persons who install, maintain, service, repair, or dispose of any type of Heating, Ventilation, Air Conditioning, and Refrigeration (HVACR) related equipment and machinery.

Employment Ready Certifications are a series of discipline-specific, end-of-course exams intended to validate that a person has retained knowledge in a specific area necessary for employment in the HVACR industry.

To assist HVACR programs in meeting Federal, State, and institutional requirements, HVAC Excellence offers the Employment Ready Certification program. These discipline-specific exams provide instructors with the information needed to evaluate the efficacy of the HVACR program. Using standardized exams helps to evaluate student achievement, creating documentation of a person's retained knowledge necessary for employment in the HVACR industry.

Certification Information

Test Owner
 Esco Institute
 Post Office Box 521
 Mount Prospect, IL 60056
 Phone: (800) 726-9696
 Fax: (800) 546-3726

Testing Sites/Centers

Tests are taken online or by paper at the school and must be given by a proctor following Esco guidelines.

Registration Procedures

Schools should begin by calling Esco Group to request a proctor application. After selecting a proctor and completing the application, Esco will provide the school with pricing information. The exams may be administered as a paper test or as an online test at the school. The online test is available at a lower cost than the paper test. The online test provides the school with immediate test results.

Preparing to offer the certification
