

Intuit QuickBooks Certified User (QBCU)

Aligned Programs of Study: Accounting

Aligned Course(s):

Accounting II (5911)

Description

Accounting careers require the ability to utilize bookkeeping software programs to apply fiscal tracking and data entry tasks. Intuit® QuickBooks is a leading managerial accounting software package used by small businesses, entrepreneurs, contract accountants, and large businesses. The database management skills required to successfully operate within the QuickBooks software program are also easily transferable to other managerial accounting programs. Through the Intuit Education Program, complimentary accounting and tax software is available to students and educators through <https://intuiteducation.com>.

Materials and Resources

Training and preparation materials are provided directly through Intuit® QuickBooks Training and can be found at <https://quickbookstraining.com/quickbooks-certification/>

Testing Sites

Most of the 27 TCAT locations in the state are Certiport registered ACA testing sites, as well as Middle Tennessee State University and New Horizons in Nashville, TN. Additionally, any high school or postsecondary institution can enroll with Certiport to become a testing center online at:
