

## InformTN Timeline 2021-22

### Key Dates for District and School Planning

Each year, districts and schools are required to conduct a needs assessment and develop an annual plan outlining goals and strategies to improve student outcomes. Despite the circumstances of this past year, annual plans are still required under state and federal law. This year, we worked to balance expectations of creating a quality plan for improvement while being responsive to your needs in this time of crisis. For more information on planning adjustments in response to COVID-19, please view our upcoming webinar on the InformTN help page. The timeline below outlines key dates for the 2021-22 annual planning window within InformTN, the interactive platform that supports planning in Tennessee.
