COVID-19 Waiver Report

Tennessee Department of Education | February 2021

Introduction

In March 2020, the COVID-19 pandemic disrupted traditional district and school operations across Tennessee, leading Governor Bill Lee to urge all schools to temporarily halt in-person instruction for the remainder of the 2019-20 school year. As a result, the Tennessee General Assembly took swift action to pass Public Chapter 652 to ensure districts, teachers, and students had common-sense flexibilities in response to COVID-19. In addition to legislative action regarding accountability, assessment, and educator evaluation, the legislation granted the commissioner of education the authority, upon the approval of the State Board of Education (SBE), to waive state statutes and/or SBE rules that inhibit or hinder the ability of local education agencies (LEAs) to meet their goals or comply with their mission due solely to the outbreak of COVID-19 (T.C.A. § 49-6-309). This waiver granting authority expires on March 1, 2021.

Upon passage of Public Chapter 652, the Tennessee Department of Education (the department) created an application for LEAs to request waivers related to COVID-19 for the 2019-20 and 2020-21 school years. Public charter schools that wanted to request a waiver did so through their authorizing LEA. The SBE voted on the department's waiver recommendations at their regular quarterly and special-called meetings between May 2020 and February 2021 based on when LEAs requested waivers for consideration.

Between April 2020 and February 2021, 139 LEAs requested almost 900 waivers of state statute or SBE rule that inhibited or hindered their goals and mission due to the COVID-19 pandemic. T.C.A. § 49-6-309 requires the commissioner to submit a report to the Tennessee House and Senate Education Committees on the waivers requested and approved under the act, including:

- The substance of each waiver request submitted to the commissioner;
- Whether the LEA's request for a waiver was approved by the SBE; and
- The effect of the waiver on the receiving LEA.

To fulfill the requirements of statute, this report details the effect of all approved and conditionally approved waivers for the receiving LEAs. Appendix A includes a comprehensive list of waivers approved, conditionally approved, or denied pursuant to Public Chapter 652. Some requested waivers were not acted on by SBE because there was not a specified state statute or SBE rule to waive. Those waivers are listed in Appendix A as "not acted upon" and the department has communicated with the LEA about why the waivers were not presented to SBE for action.

Effect of Approved and Conditionally Approved Waivers

The following list includes all approved and conditionally approved waivers granted for the 2019-20 and 2020-21 school years and the effect of each waiver on the receiving LEA(s). LEAs indicated on their waiver applications that COVID-19 related school closures, limitations on in-person gatherings, and virtual learning necessitated flexibility from specific state statutes or SBE rules.

SBE 0520-01-03-.07(2) - Library Information Specialists	Approved	LEAs granted this waiver did not need to meet the specified requirements of having a library information specialist for the 2020-21 school year.
T.C.A. § 49-1-104 - Average Class Size	Approved	LEAs granted this waiver were authorized to exceed the class size averages specified in statute. A waiver of the class size maximum was denied, though all schools operating a virtual education program may exceed class size maximum by 25% for the 2020-21 school year via the Virtual Public Schools Rule 0520-01-03-.05. The current class size averages are as follows: Grades K-3: 20 students Grades 4-6: 25 students

The requirement for 120 weekly minutes of PE time was not waived.</p> <p>LEAs were given flexibility to staff their PE classes with a teacher not endorsed in PE. Given that the requirement for a teacher to be endorsed in PE is specifically provided in the Tom Cronan Act, an employment standard waiver for endorsement cannot be granted under normal circumstances and LEAs granted this waiver were</p>
