

Quarter Four Expense Report Summary Jan. 1–July 31, 2017 IEA Term

Introduction

The Individualized Education Account (IEA) Program is a school choice program for eligible students with disabilities. The program provides options for parents and students to choose the education opportunities that best meet their own unique needs through access to public education funds.

For more information about the IEA Program, please visit: <http://www.tn.gov/education/section/iea>.

IEA Funding

Pursuant to state law, the maximum annual IEA award amount is equal to the amount representing the per-pupil state and local funds generated and required through the Basic Education Program (BEP)—the state’s funding formula for public education—for the school district in which the student resides and is zoned to attend, minus the four percent administrative fee that the department retains.

A total of \$55,659.09 in IEA funding was generated for quarter 4. The average amount of IEA awards across the state for quarter 4 term was approximately \$1,637.03.

Use of IEA Funding for Quarter 4

IEA funds must be used on approved expenses in accordance with IEA state law, rule, and procedures (e.g., tuition at private schools approved to participate in the IEA Program, educational therapy, and curriculum). IEA account holders must submit quarterly expense reports to the department documenting how they spent the IEA funds.
