## **Introduction**

Pursuant to Chapter 274 of the Public Acts of 2021 (PC 274), now codified at Tenn. Code Ann. § 49-2-136, public schools and public charter schools are required to notify an association that regulates interscholastic athletics of an enrolled student's placement in foster care if (a) the student expresses interest in participating in interscholastic athletics and (b) failure to notify the association of the student's placement may result in the student being declared ineligible to participate in athletics for any period of time.

Prior to notification, a public school or public charter school must obtain written permission from the student's parent or legal guardian or from the student if the student is eighteen (18) years of age or older prior to making the notification. Further, notification must be made in accordance with state law, the federal Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g), and other relevant privacy laws.

Beginning 2022, local education agencies (LEAs) and public charter schools are required to certify compliance with Tenn. Code Ann. § 49-2-136 to the department annually by January 1. Certification is captured and archived in ePlan, an online platform established by the department.

## **LEA and Public Charter School Certification Statuses**

Tables 1 and 2 respectively feature each LEA's and public charter school's compliance status.

- Of the 147 LEAs and state special schools, 147 submitted certification, with each indicating full compliance with Tenn. Code Ann. § 49-2-136.
- Of the 117 active public charter schools, 117 submitted certification, with each indicating full compliance with Tenn. Code Ann. § 49-2-136.
