Dear Director Elder:

Please find attached the summary review of findings from the School Nutrition Program's 2017–18 fiscal year administrative review of Pickett County's National School Lunch Program and School Breakfast Program. This review was conducted the week of January 16, 2018, with the exit date of February 1, 2018. The summary includes the identified findings and the corrective actions required.

District responses and supporting documentation of corrective actions are required for all findings, and findings must be corrected district wide. The School Nutrition Program director will provide the responses to the findings via the Tennessee: Meals, Accounting, and Claiming (TMAC) system in the "Compliance" section, as discussed with the lead reviewer. Technical assistance areas do not require responses; these suggestions are only to help the system improve the program. They are also available in the "Compliance" section in TMAC.

All corrective actions shall be documented and supported in the "Compliance" section in TMAC no later than February 28, 2018. During this timeframe, if you find errors or points of disagreement in our findings, please contact me, and I will assist you with your next course of action. If there are no errors or points of disagreement, please be mindful that refusal or failure to comply with the required, corrective actions within the allotted timeframe may result in potential fiscal action.

Upon receipt of Pickett County's documented corrective action, the Tennessee Department of Education will determine whether the documentation is complete and resolves the findings identified. Once the department approves the corrective actions, your district will receive a closure letter closing the review within 30 calendar days.

If you have any questions or concerns, please contact our office at (800) 354-3663.

Sincerely,

Jody Baruth,

State Director
School Nutrition Program

Pickett County (690)

Site - Level Findings: Pickett County High (0005)

400 - Meal Components and Quantities - Breakfast	V-0400	The breakfast production records did not properly indicate how food items contributed to the reimbursable meal. The crediting of whole grain rich products and crediting of meat/meat alternate products was incorrect on multiple items.	Update the crediting amounts of all whole grain rich and meat/meat alternate products from the week of review, and upload the corrected production record to demonstrate compliance.
