3.1.2 School Search Banner

The banner at the top of the TDOE Report Card site ([Figure 8](#)) allows users to search for a school by either:

1. entering a school or district name, or
2. entering their address so the system can find the school closest to them.

The search function is designed to auto-populate results as the user enters their search criteria. For example, if a user remembers that a school starts with H, they can simply type the letter H, and a number of options that begin with H will appear in the dropdown list. Select the desired school from the dropdown list of suggestions, and users are redirected to a new screen that provides details about that school. A full explanation of the details included for each school can be found in [section 4.1](#).
