

UPDATED: May 24, 2019

ANNOUNCEMENT

TO: Developmental Therapy Service Provider Agencies

FROM: Tennessee's Early Intervention System (TEIS)

TEIS hosted a webinar on Fri., May 17, 2019, at 9 a.m. (CT) with providers of developmental therapy service. The purpose of the webinar was to review changes to the scope of the one-year contract extension, as well as updates on TEIS's plans to revise and reissue the home/community- and center-based developmental therapy solicitations. A recording of the webinar can be found [here](#) on the TEIS website.

The specific details of the contract extension (full-time equivalent (FTE) hours and counties for each agency, funding provided, etc.) will be shared with early intervention resource agency (EIRA) providers individually in the coming weeks. If an EIRA provider chooses not to accept the contract extension, TEIS asks that it be submitted in writing to Linda.Hartbarger@tn.gov by close of business **Tues., May 28, 2019**, as this will impact the discussion regarding service capacity.

Questions received in writing will be answered and posted on the [TEIS website](#).
