Mathematics Assessment Overview
This fact sheet provides information about the TCAP mathematics assessment in grade 2. The mathematics assessments will assess the Tennessee Academic Standards through measurement of student mastery and will require students to demonstrate a deep conceptual understanding of mathematics, number sense, fluency, problem-solving, and understanding of the grade-level horizontal coherence embedded within the standards.

For more information on the optional grade 2 assessment, click here.

Grade 2 is an optional choice for districts. Grade 2 mathematics will focus on computation of whole numbers, number relationships and patterns, measurement concepts, and geometric concepts. Grade 2 assessments provide valuable information for third grade teachers, ensuring that learners are strengthening math skills early in their academic careers.

Test Administration Schedule
For a full schedule of all statewide assessments, see the testing administration windows on the department’s website.

Test Administration Times
The time for administration of the math assessment in grades 2 is outlined in Table 1.

Table 1. Subpart Timing

<table>
<thead>
<tr>
<th>Subpart 1 (No Calculator)</th>
<th>Subpart 2 (No Calculator)</th>
<th>Summary</th>
</tr>
</thead>
<tbody>
<tr>
<td>40 minutes</td>
<td>42 minutes</td>
<td>Total time: 82 minutes</td>
</tr>
<tr>
<td>25-35 items</td>
<td>20-30 items</td>
<td>Total items: 53–64 items</td>
</tr>
</tbody>
</table>

The Grade 2 optional assessment for mathematics consists of two subparts. Both Subpart 1 and Subpart 2 contain one section read aloud to students and one section students read on their own.
Performance Levels and Scale Scores

Student performance on Tennessee's statewide assessments is categorized into four performance levels.

Table 2 provides information regarding student achievement at each performance level for the TCAP Math tests. This information is provided on student reports so that students, parents, and educators may interpret student results in a meaningful way.

**Table 2. Performance Levels**

<table>
<thead>
<tr>
<th>Level 1 (Below)</th>
<th>Level 2 (Approaching)</th>
<th>Level 3 (On-track)</th>
<th>Level 4 (Mastered)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Performance at this level demonstrates that the student has a minimal understanding and has a nominal ability to apply the grade/course-level knowledge and skills defined by the Tennessee Academic Standards.</td>
<td>Performance at this level demonstrates that the student is approaching understanding and has a partial ability to apply the grade/course-level knowledge and skills defined by the Tennessee Academic Standards.</td>
<td>Performance at this level demonstrates that the student has a comprehensive understanding and has a thorough ability to apply the grade/course-level knowledge and skills defined by the Tennessee Academic Standards.</td>
<td>Performance at this level demonstrates that the student has an extensive understanding and has an expert ability to apply the grade/course-level knowledge and skills defined by the Tennessee Academic Standards.</td>
</tr>
</tbody>
</table>

Performance level scale score ranges for TCAP math assessment for grade 2 is provided in Table 3 below.

Assessment Blueprints

Assessment blueprints are designed to show educators a summary of what will be assessed on each assessment. This resource is designed to help educators as they plan for the upcoming school year. Assessment blueprints can be found on the department website [here](#).

Test Administration Information

Within the state testing window, testing schedules are established by the district at the school and/or district level. It is at the district's discretion to allow schools to set their own testing schedules, independent of a district testing schedule. Please see details on subparts for each subject and grade level on the updated testing times chart [here](#).
Item Types

The department is committed to producing quality summative assessments that accurately measure student achievement because of the importance and use of assessment data. In order to comply with state law to administrate all Grade 2 TCAP math assessments solely in paper format and ensure the timely delivery of assessment data back to districts, the format for Grade 2 TCAP math will include only selected response items. These item types include:

- Grade 2 math assessments will only consist of Multiple Choice and Multiple Select items.

The mathematics assessment for grade 2 is administered using a consumable test booklet in which students will place all answers. Students may be asked to indicate answer choice for multiple choice and multiple select items; all answers for each possible item type are submitted by students by writing in the test booklet.

Additional Information
Please visit the department's website for more information about the statewide assessment program.
