

# 2018-19 TNReady U.S. History and Geography End of Course Assessment Fact Sheet Revised September 19, 2018

## U.S. History/Geography (USH) Assessment Overview

This fact sheet provides information about the U.S. History and Geography end-of-course (EOC) assessment. Students will be assessed on the current Tennessee Academic Standards and will be required to demonstrate a deep understanding of civics, culture, economics, and geography within the context of U.S. history, with special attention to Tennessee connections.

For information on the other TNReady EOC assessments, click here.

## Students to be Tested in 2018-19

Students who are enrolled in an EOC class, regardless of grade level, must take the assessment pertinent to that class. The Tennessee State Board of Education High School Policy 2.103 (here) states that "Only students who are enrolled in a course with an associated End of Course examination shall take the End of Course examination. Students enrolled in a substituting course without an End of Course examination explicitly tied to the State Board of Education-approved curriculum content standards of that course shall not take an End of Course examination. This exemption applies to all substituting courses, including, but not limited to, Advanced Placement, International Baccalaureate, dual enrollment, and dual credit courses."

In summation, students in substituting courses are not obligated to take these assessments.

## **Test Administration Information**

Within the state testing window, testing schedules are established **by the district at the school and/or district level**. It is at the district's discretion to allow schools to set their own testing schedules, independent of a district testing schedule. Please see details on subparts for each subject and grade level on the updated testing times chart <u>here</u>. All EOC assessments will be administered online for 2018-19.

The U.S. History and Geography EOC assessments may consist of the following item types:

- Multiple choice
- Multiple select

• Written response

## **Practice Tests**

The practice test is a content-specific tool that allows students and test administrators the opportunity to gain exposure to a variety of test item types. The department has provided the following practice tools to support educators and students:

- Paper practice tests: PDF versions of practice tests are available on EdTools (here).
- **Online practice tests:** The online versions of the practice test for EOCs are available on the Nextera platform (<u>here</u>).

Note that there is only one practice test form for US History; this same form is available in a computer-based and paper-based version.
