VI. Components Reviewed

Documentation

1. The text contains in depth maps, graphs, and photos that make the information very relevant and meaningful to students. It would definitely “hook” students into learning. This text also contain higher level essay questions that trigger students to synthesize the information.
2. This book is designed around “topics”, which give the teacher the autonomy to teach toward the needs of his/her students. Also, the teacher has the ability to manipulate the online program to rearrange the topics to fit student needs.
3. This program has an online component that allows teachers to track their students through various assessments.
4. This book has a chapter module format that may help struggling students.
