Dear Mr. Rivera,

Enclosed is the final end-of-year report for your agency's FY 2020 Air Pollution Control grant authorized by §105 of the Clean Air Act. This report outlines your agency's various grant commitments and their status. Since there were no issues and no adjustments necessary, your report is now finalized. This letter documents the conclusion of the joint evaluation process required by 40 Code of Federal Regulations 35.115 and identified as a commitment in your FY 2020 Air Planning Agreement under *Cross Cutting Issues*.

We appreciate the progress you made in FY 2020 and look forward to continuing our joint efforts to protect and improve air quality. If you have any questions regarding your grant, please contact Stuart Perry at (404) 562-8980 or APO Patricia Bullock at (404) 562-9511.

Sincerely,

For Caroline Y. Freeman
Director
Air and Radiation Division
