What Statutory Requirements Apply to Air Quality Fees?

Tennessee Environmental Protection Fund Act
TN Code § 68-203-103 – Fees

(a) (1) In order to facilitate the proper administration of each statute listed in § 68-203-101(b), the department of environment and conservation shall charge fees for the various services and functions it performs under each of those statutes, including, but not limited to, permit processing fees, permit maintenance fees, license fees, registration fees, plans review fees, facility inspection fees and emission fees.
What Statutory Requirements Apply to Air Quality Fees?

Tennessee Environmental Protection Fund Act
TN Code § 68-203-103 – Fees

(a) (2) The **level of these fees** shall be determined after careful consideration of the **direct** and **indirect costs** incurred by the department in performing its various functions and services under each of the statutes listed in § 68-203-101(b).
What Statutory Requirements Apply to Air Quality Fees?

Tennessee Environmental Protection Fund Act
TN Code § 68-203-103 – Fees

(a)(3) It is the intention of the general assembly that the fees shall provide funding for additional staff of the environmental regulatory programs and an improvement of the salaries and benefits of the existing staff of the environmental regulatory programs, to continue to improve performance in carrying out its duties.
What Statutory Requirements Apply to Air Quality Fees?

Tennessee Environmental Protection Fund Act
TN Code § 68-203-103 – Fees

(a)(3) (continued) Prior to promulgating any fee increase, the authorities listed in subsection (b) shall review the basis for the fee increase and make a determination that the fee increase is warranted. The factors in the determinations shall include, if relevant: staffing needs, ability to attract and retain quality staff, feasible cost containment measures, comparisons with salaries paid by other governments and the private sector, levels of federal grants and state appropriations, and the ability of the program to maintain or improve its performance in carrying out its duties.
What regulatory requirements apply to air quality fees?

1200-03-26-.02 CONSTRUCTION AND ANNUAL EMISSION FEES

(1) Purpose

(a) It is the purpose of this rule to establish construction fees, annual emission fees, and permit review fees for sources subject to permitting pursuant to Division 1200-03 sufficient to supplement existing state and federal funding that covers reasonable costs (direct and indirect) associated with the development, processing, and administration of the air pollution control program. This will provide for better quality evaluation of the impact of air emissions on the citizens of Tennessee, and timely permitting services for sources subject to permitting requirements.
What regulatory requirements apply to air quality fees?

1200-03-26-.02 CONSTRUCTION AND ANNUAL EMISSION FEES

(1) Purpose

(b) Such costs shall include, but not be limited to, costs associated with review of applications and reports, issuance of required permits and associated inspections of sources, unit observation, review and evaluation of monitoring results (stack and/or ambient), modeling, and costs associated with any necessary enforcement actions (excluding penalties assessed).
What regulatory requirements apply to Title V fees?

1200-03-26-.02 CONSTRUCTION AND ANNUAL EMISSION FEES

(1) Purpose

(c) Annual emission fees collected from sources named by the Board in the Division’s Workload Analysis as being major sources pursuant to the provisions of Title V of the federal Clean Air Act and the federal regulations at 40 C.F.R. Part 70 [FR Vol 57, No. 140, Tuesday, July 21, 1992 p32295-32312] and the definition of a major source in subparagraph 1200-03-26-.02(2)(g) shall be used to pay for the direct and indirect costs of:

1. Preparing generally applicable regulations or guidance regarding the permit program or its implementation or enforcement;

2. Reviewing and acting on any application for a permit, permit revision, or permit renewal, including the development of an applicable requirement as part of the processing of a permit, or permit revision or renewal;

3. General administrative costs of running the permit program, including the supporting and tracking of permit applications, compliance certification and related data entry;
What regulatory requirements apply to Title V fees?

1200-03-26-.02 CONSTRUCTION AND ANNUAL EMISSION FEES

(1) Purpose

(c) Annual emission fees collected from sources named by the Board in the Division’s Workload Analysis as being major sources pursuant to the provisions of Title V of the federal Clean Air Act and the federal regulations at 40 C.F.R. Part 70 [FR Vol 57, No. 140, Tuesday, July 21, 1992 p32295-32312] and the definition of a major source in subparagraph 1200-03-26-.02(2)(g) shall be used to pay for the direct and indirect costs of:

4. Implementing and enforcing the terms of any part 70 permit (not including any court costs or other costs associated with an enforcement action), including adequate resources to determine which sources are subject to the program;

5. Emissions and ambient monitoring;

6. Modeling, analyses, or demonstrations;

7. Preparing inventories and tracking emissions; and

8. Providing direct and indirect support to sources under the Small Business Environmental Assistance Program.

Department of Environment & Conservation
Prior Rulemakings and Financial Results

• Fee increase adopted in 2019
  – Effective for 2021 Fees

• APC Proposal – Two Year Phase-In
  – Projected 2021 Fee Collection - $7,810,839
  – Projected 2022 Fee Collection - $8,045,164

• APC Recommendation after Public Hearings
  – One Year Only
  – Projected 2021 Fee Collection - $7,066,366

• Board Adoption
  – One Year Only
  – Projected 2021 Fee Collection - $6,819,868
Actual 2021 Title V Fees Collections

- Projected FY2021 Fee Collection - $6,819,868
- Actual 2021 Fees Due - $6,245,562
- 2019 fee rule, effective in 2021, collected over 500k less than projected

What Happened?*

- Nine Facilities with Actual 2021 Fees $10,000 or More Below than Projected 2021 Fee
  - Totaled $653,405 Less than Projected
  - Due to:
    - Change in Method of Fee Calculation (3)
    - Permanent Physical Changes or Reduced Utilization (3)
    - Temporary Utilization/Production Changes (3)
  - Highlighted Changes are anticipated to be Permanent Changes
- Five facilities did not pay Title V fees in 2020
- Total 2021 Fees for Remaining Facilities Close to Projection

*Compared projected 2021 fees (based on 2020** emissions and allowable emissions) and actual 2021*** emissions, both using current fee rates.
**CY2019 or FY2020
***CY2020 or FY2021
Actual 2021 Title V Expenses

- $6,346,333
- FY2021 Expenses Reduced by
  - Delay in filling vacancies due to hiring freeze and unexpected retirements creating vacancies
  - COVID (e.g., travel restrictions)
  - Some Expenses Covered by Project Restore in order to spend full state appropriation to zero
  - Used Portion of Reserve to Cover Title V Expenses in FY2021

¹does not include tons for sources paying minimum fee or emissions over 4000 tpy cap
²all sources pay base fee, includes sources paying minimum fee

- Data Provided for Stakeholders use for Commenting on Proposed Fee Rule
- APC Cannot Project if Future Emissions Data will Reflect 2021 Data
- Using historical data for projecting future revenue has proven to be unreliable and doing so comes with high level of risk
Fee Calculation Basics

• Total Fee = Actual Tons x Actual $/ton Rate + Allowable Tons x Allowable $/ton Rate + Base Fee
  – Different $/ton rates for non-EGUs and EGUs
• If Total Fee < Minimum Fee – Pay Minimum Fee
Proposed Title V Fee Rule

• Need for Fee Increase
  – **Starting from Behind** (current rule collected ~$600,000 less than projected)
  – **Fee Rule Adopted in 2019 Did Not Fully Fund Title V Program**

• Amount of Increase
  – Projected FY2023 Income = $6,245,562
  – Projected FY2023 Expenses = $7,500,000
  – Shortfall = $1,254,438
## Proposed Title V Fee Rule

- Changes to 1200-26-.02(d)(9)
- Proposed $/ton rate represents Actual-to-Allowable Ratio of 1.45 to 1

Proposed Title V Fee Rule

- Remove Construction Permit Fee Exemption for Existing Title V facilities
  - 1200-03-26-.02(5)(a) and 1200-03-26-.02(9)(a)
- APC Issues ~ 300 Construction Permits per Year
  - ~15% Issued to Title V Facilities
- Estimated Income from Title V facilities < $10,000/yr
- Effective 7/1/2022
Tentative Schedule

• Listening Session – 6/9/2021
• Present Draft Title V Workload Analysis to Board – 8/11/2021
• Present Proposed Title V Fee Rule to Board – 8/11/2021
• Stakeholder Webinar – 10/6/2021
• Division will meet with stakeholders as requested through end of comment period
• Public Hearing & Close of Comment Period – 10/18/2021
• Board Consideration of Final Approval of Final Title V Workload Analysis – 11/10/2021
• Board Consideration of Final Approval of Title V Fee Rule – 11/10/2021
