

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to [air.pollution.control@TN.gov](mailto:air.pollution.control@TN.gov) or Ms. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243 within 30 days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Construction permits issued by TDAPC do not grant any authority operate, construct, or maintain any installation in violation of any law, statute, code, ordinance, rule, or regulation of the State of Tennessee or any of its political subdivisions.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 22nd Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (615) 532-0207. Hearing impaired callers may use the Tennessee Relay Service (1-800-848- 0298).

The applicant is BindTech KP, LLC with a mailing address of 1232 Antioch Pike, Nashville, TN 37211. The applicant seeks to obtain an air contaminant permit (Division identification number: 37-0136/978915) for the construction at the following address: 121 Press Road, Church Hill, TN 37642. The permit request is for the modification of the following:

(1) Spray Coating Operation (Division identification number: 37-0136-22/78915). This existing source consists of a spray booth and associated equipment used to apply color coating to books. Exhaust filters are used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source.

(2) Book Trimming Operation (Division identification number: 37-0136-23/78915). This existing source consists of book sizing and trimming machines used to cut and shape books. A cyclone is used for pollution control. The permit request is for the modification of the existing permit 073839 to increase the production rate. There would be no physical construction. Regulated air contaminants are emitted by this source.

(3) Book Binding/Gluing Operation (Division identification number: 37-0136-26/78915). This existing source consists of adhesive machines used in the process of binding books. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source.

Information regarding this source can be found in the Division of Air Pollution Control Dataviewer link which can be found at the bottom of the Division of Air Pollution Control webpage.

Notice was posted on the Tennessee Division of Air Pollution Control Public Notice website on Tuesday, June 1, 2021 for the duration of the 30-day comment period.

Mr. Eric King is the assigned Division person.
