The applicant is NHC-Maury Regional HealthCare, LLC with a mailing address of 1224 Trotwood Avenue, Columbia, TN 38401. The applicant seeks to obtain an air contaminant permit (Division identification number: 60-0039 and 82446) for construction at the following address: 1224 Trotwood Avenue, Columbia. The permit request is for the construction of the following: replacing one existing Cleaver-Brooks boiler (boiler #2) with a smaller boiler. The proposed boiler will have the capability to fire natural gas and No. 2 fuel oil, with fuel oil being used as backup for periods of natural gas curtailment. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Information regarding this source can be found in the Division of Air Pollution Control Dataviewer link which can be found at the bottom of the Division of Air Pollution Control webpage.
