### Update on APC Fee changes:

APC is planning on changing non-Title V fees. Public webinar held and some comments received. APC is reviewing those comments and determining how they may shape the plan for fee changes. Non-Title V fees haven't been changed in around 10 years.

### SBEAP Annual report:

Review of SBEAP activities for 2026. Will include both the annual report for the web and the more detailed version for the CAP.

### Proposal for planned dates for 2026:

Proposing to pre-plan dates for 2026 CAP meetings so that they would be included on the Panel's calendars well ahead of time and can be more easily planned around or anticipated.

Open Forum – What environmental-related concerns are CAP members seeing in their industries?
