Hazardous Waste Permitting Activities 1st Quarter Update

Presented to the
Underground Storage Tanks and
Solid Waste Disposal Control Board

December 6, 2018

Introduction

Tennessee statute requires a quarterly update on the **timeliness** of permit processing by the DSWM to be provided to the Board. This report is for the state's 1st Quarter running from July 1, 2018 to September 30, 2018.

Tennessee regulations specify **time limits** for applications:

- Completeness reviews/determinations
- Approval or denial (Class 2 modifications and new commercial applications)
- For the following:
 - Part B permit applications
 - Class 1 and ¹1 permit modifications
 - Class 2 permit modifications
 - Class 3 permit modifications
- TDEC issues Notice of Deficiencies/Comments if submittal is incomplete

Part B Permit Application Reviews Required by Regulation July 1, 2018 to September 30, 2018

	PART B APPLICATIONS	RECEIVED	180 DAY INITIAL REVIEW REQUIRED BY REGULATION	NOTICE OF DEFICIENCY/ REVIEWED BY	RESPONSES DUE BY APPLICANT	DETERMINED COMPLETE
1.	Eastman Chemical Co. TNHW-137	3/22/18	9/18/18	9/14/18	10/29/18	
2.	Excel TSD TNHW-138	4/19/18	10/16/18	10/15/18	12/19/18	
3.	Yale TNHW-140	8/31/18	2/27/19			

Modification Application Reviews Required by Regulation July 1, 2018 to September 30, 2018

	CLASS 1 & 1 ¹ MODIFICATIONS	RECEIVED	60 DAY REVIEW REQUIRED BY REGULATION	REVIEWED BY	NOTICE OF DEFICIENCY/ COMMENTS	ISSUED
1.	Nuclear Fuel Services TNHW-157	8/21/18	10/22/18	8/22/18		8/30/18
2.	EnergySolutions TNHW-171	9/17/18	11/16/18	9/25/18		9/28/18
Can include correcting minor errors in the permit, upgrading plans and records maintained, or routine changes to the facility or its operation.
