# 2020 APR – Next Steps

- Data Quality Assurance Process
- Goal Calculation
- Qualitative Assessment

# Objective 1 Update

- Current goal is to divert 25% of waste from Class I landfills using a base year of 1995
- The purpose of this objective is to establish more robust solid waste management goals, to more accurately measure the disposition of municipal solid waste (MSW) in Tennessee, and to better assess progress toward achieving those goals.

# Objective 1 Update

- Survey Results
- High-Level Discussion
- Next Steps

# Tire Program Updates

- Discussion Phase
- Focused on assessing a fee on the sale of used tires
