I. CONTRACT

A. Grant Contract

All grantees have entered into a grant contract ("Grant Contract") with the Tennessee Department of Environment and Conservation ("TDEC" or "State") in order to receive the allocated grant funds. Capitalized terms used but not defined in this manual shall have the respective meanings given to them in the Grant Contract. This Grant Contract contains the following sections:

- A. Scope of Services
- B. Term of Contract (not to exceed 15 months)
- C. Payment Terms and Conditions (including Budget)
- D. Standard Terms and Conditions
- E. Special Terms and Conditions

B. Grant Budget

The Grant Budget ("Attachment 2" of the Grant Contract) contains line items detailing the total project amount, including the Grant Contract amount and the Grantee's participation. Expenditures, reimbursements, and/or payments under this Grant Contract shall adhere to the Grant Budget. Section C.6. of the Grant Contract states that the Grantee may request revisions of Grant Budget line-items by letter, giving full details supporting such request, provided that such revisions do not increase the total Grant Budget amount. Grant Budget line-item revisions of greater than 20% may not be made without prior, written approval of the State in which the terms of the approved revisions are explicitly set forth. Written requests and justifications for such line-item variances must be sent to the TDEC Office of Energy Programs (Contact Information on Page 8).

II. ADDITIONAL CONTRACT COMPLIANCE REQUIREMENTS

A. Title VI Requirements

Title VI of the Civil Rights Act of 1964 prohibits discrimination based on race, color, or national origin in programs or activities receiving federal financial assistance (42 U.S.C. §2000d). As a recipient of federal funding, TDEC is required to comply with the rules, laws and regulations of Title VI. Title VI also applies to recipients of federal financial assistance that passes through TDEC in the form of grants, contracts, or subcontracts, as well as federal financial assistance that passes through another state agency to TDEC. To comply with Title VI requirements for TDEC subrecipients, the Grantee must complete the **TDEC Subrecipient Title VI training** (accessible at <https://tdec.tn.gov/title6/index.html>) and must provide TDEC with a copy of the certificate of training completion no later than **30 days** after the draft Grant Contract has been submitted to TDEC Contracts for approval (the Grantee will be notified when this has occurred). The Grantee must also complete and submit to TDEC a completed **Title VI Training Certification (Appendix D)** no later than **30 days** after the draft Grant Contract has been submitted to TDEC Contracts for approval.

B. Tennessee Department of Revenue Registration

Section D.25. of the Grant Contract states that the Grantee shall comply with all applicable registration requirements contained in Tenn. Code Ann. §§ 67-6-601 – 608. Compliance with applicable registration requirements is a material requirement of the Grant Contract.

Grantees that contract with the State of Tennessee must be registered to collect sales tax if they make sales that are subject to the Tennessee sales and use tax (T.C.A. § 67-6-601. If the Grantee does not make sales that are subject to the sales and use tax, the Grantee must provide a letter from the Department of Revenue confirming that there is no registration requirement. To complete this requirement, please click on the following link (https://tntap.tn.gov/eservices/_/#0), click "Information/Help," and then click "TN Vendor Contract Questions." Complete the survey to generate a letter from the Department of Revenue.

C. Audit Report Requirements

Section D.19. of the Grant Contract states that all Grantees are subject to Audit Report requirements pursuant to Tennessee law. At least ninety (90) days before the end of its fiscal year, the Grantee must complete the Information for Audit Purposes ("IAP") form online (accessible through the Edison Supplier portal) to notify the State whether or not Grantee is subject to an audit. The Grantee should submit only one, completed form online during the Grantee's fiscal year. Immediately after the fiscal year has ended, the Grantee must fill out the End of Fiscal Year ("EOFY") (accessible through the Edison Supplier portal).

III. REQUIRED REPORTING

Quarterly, annual, and final reports must be submitted by the Grantee through the online [TDEC Grants Management System \(GMS\)](https://tdec.smartsimple.com/) (<https://tdec.smartsimple.com/>) prior to all established reporting deadlines, as outlined within Sections A.8., A.9., and A.10. of the Grant Contract. Additional instructions for completing the Required Reporting activity within the GMS are included within **Appendix H (GMS Guide)**.

A. Fast Charger Location Selection and Completion of Environmental Review

Section A.5. of the Grant Contract states that the Grantee shall submit proposed fast charger location(s) to the State for review and approval. Additionally, Grantees will be required to complete and submit an Environmental Review Checklist (**Appendix I**), which must be reviewed and approved by the State before construction and/or installation can begin.

B. Site Host Agreement/Property Ownership Verification

Section A.5. of the Grant Contract states that a site host agreement will be required to show that the Grantee has been granted access to a property (access and permission to install, own, operate, and maintain charging stations located on the site host's property) for at least a five-year period following charging station installation and commissioning. If a Grantee owns the property, this will be confirmed via a Verification of Property Ownership Form (**Appendix J**). The purchase or rental of real estate required for a project is a non-reimbursable cost under the program.

TDEC's Office of Energy Programs (TDEC OEP) will review the Verification of Property Ownership Form and follow up with the Grantee as appropriate.

C. Design Review

Section A.5. of the Grant Contract states that the Grantee shall submit engineering and design documentation to the State for review and approval before initiating construction to demonstrate compliance with Minimum Technical Specifications and Program Accessibility Requirements.

D. Program Income

Section A.6. of the Grant Contract states that all program income (gross income earned by the Grantee that is directly generated by the project or earned as a result of the project funding during the contract term) must conform with the following program income requirements:

- Program income must be reinvested in or used to defray ongoing costs of the project (e.g., other maintenance fees, site host property rental costs, etc.);
- Program income must be used for the purposes and under the conditions of the Grant Contract;
- Costs incidental to the generation of program income may be deducted from gross income to determine program income, provided these costs have not been charged to the State;
- Taxes, special assessments, levies, fines, and other such revenues raised by the Grantee are not program income unless the revenues are specifically identified in the State Grant Contract or by State agency regulations as program income; and
- There are no requirements governing the disposition of program income earned after the end of the Grant Contract period of performance.

E. Quarterly Reporting

Section A.8. of the Grant Contract states that the Grantee must submit quarterly reports to include updates on site selection, site host agreement negotiation and execution (**Appendix J**), environmental review (**Appendix I**), site design and engineering, procurement of equipment and services, collection and use of program revenue and expenditures, and construction and/or installation for the duration of the Grant Contract term. Such reports shall include a complete description of the status of the project (including actual or projected termination date), development, implementation, and any modification. A quarterly report template is provided in **Appendix A**. Quarterly reports shall be due no later than January 10, April 10, July 10, and October 10 of each year of the Grant Contract term.

F. Annual Reporting

Section A.9. of the Grant Contract states that the Grantee shall submit, within three (3) months of the conclusion of each year of the Term, an annual report. Such reporting shall include those items listed in Section D.18 (Annual and Final Reports) of the Grant Contract, as well as the following information:

1. Station usage (number of charging events, duration of each charging event, start and stop time of each charging event, amount of electricity dispensed at each charging event in kWh, fees collected for each charging event, aggregate amount of electricity dispensed over the reporting period in kWh, aggregate fees collected over the reporting period, station downtime in hours per year as well as calculated as a percent (e.g., 175 hours or 2% downtime)). Where possible, Grantees should also allow the State “view access” to the charging network to allow for automated monitoring of station usage.
2. Revenue generated during the reporting period.
3. An explanation of program expenditures during the reporting period.

In addition, the Grantee will be responsible for compiling and submitting annual reports for a period of five years following infrastructure installation and commissioning. These reports may be combined with the annual report requirements noted in Section D.18 during the Grant Contract Term, where possible. Following the close of the Grant Contract Term, these reports shall be due no later than 30 days after the close of the Grantee’s fiscal year. The obligations set forth in Section A.9. shall survive the expiration of the Grant Contract. An annual report template is provided in **Appendix B.**

G. Final Report

Per Sections A.10. and D.18. of the Grant Contract, the Grantee shall submit a final project report (**Appendix C**) within three months of the completion of the Grant Contract Term. (Please note that this report may be combined with the annual report for the final year of the grant period.) In addition to the information requested for the annual report, the final project report must also include cumulative financial information to match the final reimbursement request as well as inventory documentation for all equipment purchased with funding through the Grant Contract. The inventory documentation must include, at a minimum, the following:

- a. Description of the equipment;
- b. Manufacturer’s serial number or other identification number, when applicable;
- c. Consecutive inventory equipment or tag identification;
- d. Acquisition date, cost, and check number;
- e. Fund source, State Grant number, or other applicable fund source identification;
- f. Percentage of state funds applied to the purchase;
- g. Location within the Grantee’s operations where the equipment is used;
- h. Condition of the property or disposition date if Grantee no longer has possession;
- i. Depreciation method, if applicable; and
- j. Monthly depreciation amount, if applicable.

NOTE: Failure to submit complete quarterly, annual, or final reports may result in the required return of any and all payments made to the Grantee by the State.

H. Equipment Disposition

Section D.27. of the Grant Contract addresses rules for disposition of grant-funded equipment. Upon termination of the Grant Contract, where a further contractual relationship is not entered into, or at another time during the term of the Grant Contract, the Grantee shall request written approval from the State for any proposed disposition of equipment purchased with Grant funds. All

equipment shall be disposed of in such a manner as the parties may agree from among alternatives approved by TDEC as appropriate and in accordance with any applicable federal laws or regulations.

IV. FINANCIAL REIMBURSEMENT REQUIREMENTS

Grantees will be required to obtain a vendor identification number and will need to submit a **Form W-9, Request for Taxpayer Identification Number and Certification (Appendix E)**. Grantees will also be required to submit bank information via an original **Automated Clearing House (ACH) form (Appendix F)**, in order to receive grant reimbursements electronically. The ACH form must be signed by an authorized account representative and a representative of the associated financial institution.

The Original W-9 and ACH forms should be mailed to:

State of Tennessee
Attn: Supplier Maintenance
Davy Crockett Tower, 9th Floor
500 James Robertson Parkway
Nashville, TN 37243
TDEC.OEP@tn.gov
(mark envelope CONFIDENTIAL)

Electronic copies of the W-9 and ACH form should be submitted to TDEC.OEP@tn.gov.

A. Accounting and Financial Controls

Grantees must properly manage and account for funding received. A complete spending record for all expenditures will be required, including invoice receipts, logs of record, and other properly certified documents.

Only equipment purchased within the period of performance of a fully executed and approved Grant Contract shall be eligible for reimbursement. No credit will be given for costs incurred prior to the grant period of performance. Documentation will be required for all funds requested. Any applicant who starts a project and incurs costs before receiving a fully executed Grant Contract does so at its own risk.

All funding must be spent in accordance with the Grant Contract. TDEC reserves the right to terminate the Grant Contract and/or recover funding from Grantees that TDEC determines are not in compliance with the conditions of this solicitation or the Grant Contract.

B. Cost Limits and Maximum Liability

Eligible costs under this Program are limited to the costs associated with the purchase and installation of eligible electric vehicle charging infrastructure (e.g., utility make-ready activities such as the securing of three-phase power, trenching or laying of conduit, etc.); support services (e.g., engineering and design, site identification and qualification); and operational and maintenance costs purchased upfront, including maintenance services and network fees in addition to bollards and

wheel stops.

Grant funding shall not cover costs associated with the purchase or rental of real estate; other capital costs (e.g., construction of buildings, canopies, parking facilities, etc.); general maintenance (i.e., maintenance other than of the charging infrastructure); and legal fees associated with land acquisition. The Program will also not reimburse for administrative costs (i.e., costs not directly connected to purchase, installation, operation, and maintenance of the charging infrastructure), such as time spent on the completion of required reporting, contract management, Title VI compliance, etc.

The Program will require selected Grantees to install at least two DC fast chargers at each selected location, with the option to request funding to install a maximum of four DC fast chargers per location. Additionally, requests for funding may not exceed \$150,000 per fast charger to be installed for sites that meet the Program's Minimum Technical Specifications, which are outlined in Appendix I. Grantees will be responsible for finding a suitable host site and purchasing, installing, owning, operating, and maintaining program-funded fast-charging equipment for a period of no less than five years.

C. Bid Process

Section D.20. of the Grant Contract requires that the procurement of goods, materials, supplies, equipment, or contracted services be made on a competitive basis, including the use of competitive bidding procedures, where practical. In each instance where it is determined that use of a competitive procurement method is not practical, supporting documentation shall include a written justification for the decision and for use of a non-competitive procurement. The Grantee shall obtain prior approval from the State before purchasing any equipment or services under the Grant Contract. To obtain this approval, Grantees must complete and submit a Procurement activity within the GMS for each proposed purchase. The Grantee shall proceed with purchasing new equipment or services only after the State has reviewed and approved the corresponding Procurement activity for each purchase to be reimbursed under the Grant Contract. Additional instructions for completing the Procurement activity within the GMS are included within **Appendix H (GMS Guide)**.

D. Reimbursement

The Grantee is limited to one reimbursement per month on expenditures made in concurrence with the scope of the project and the budgeted line items. If a reimbursement is requested, the request shall be submitted along with all necessary supporting documentation, as detailed in the Grant Contract. ***NOTE: Completion inspections will be conducted to verify completion of Grant Contract scope of services and compliance with Grant Contract requirements prior to reimbursement. To expedite reimbursement, please notify TDEC OEP after any equipment purchases are made so that a corresponding completion inspection can be scheduled.***

E. Reimbursement Request Procedures

Section C.5. of the Grant Contract states that the Grantee shall invoice the State no more often than monthly, with all necessary supporting documentation. Grantees shall submit invoices to the State via the Request for Grant Reimbursement activity within the GMS.

Each invoice shall clearly and accurately detail all of the following required information:

- a. Invoice/Reference Number (assigned by the Grantee);

 - ii. The amount reimbursed by Grant Budget line-item to date;
 - iii. The total amount reimbursed under the Grant Contract to date; and
 - iv. The total amount requested (all line-items) for the Invoice Period.

A sample invoice is provided in **Appendix G**. Invoices shall be submitted along with supporting documentation in the form of cancelled checks, confirmation of payment, and signed donation letters, in order to verify all expenditures and cost share contributions. Additional instructions for completing the Request for Grant Reimbursement activity within the GMS are included within **Appendix H (GMS Guide)**.

Grant payments will be made electronically to the account specified on the **Automated Clearing House (ACH)** form, to be completed by the Grantee.

F. Final Reimbursement Procedure

The project must be physically complete by the last day of the Grant Contract Term. Section C.7. of the Grant Contract requires final reimbursement to be submitted no later than **60 days** after the last day of the Grant Contract Term, and no billings/invoices shall be dated later than the last day of the Grant Contract Term. TDEC OEP reserves the right to conduct a Completion Inspection to verify completion of scope of services prior to final reimbursement.

V. PROJECT MONITORING

TDEC OEP will conduct desktop and onsite monitoring visits to verify that the projects are developed, completed, and maintained according to contractual guidelines. The types of inspections are as follows:

- a. Desktop Monitoring (as needed) – remote monitoring that includes examination of quarterly and annual reports to assess progress and determine compliance with Grant Contract requirements.
- b. Completion Inspection (as needed) – on-site monitoring visit to verify completion of Grant Contract scope of services and compliance with Grant Contract requirements.
- c. Post-Completion Inspections (as needed) – on-site monitoring visit to monitor usage of grant-funded equipment and compliance with Grant Contract requirements.

If you do not have a number, see *How to get a TIN*, later.

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and

General Instructions

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

must obtain your correct taxpayer identification number (TIN), which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid).
- Form 1099-DIV (dividends, including those from stocks or mutual funds).
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds).
- Form 1099-NEC (nonemployee compensation).
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers).
- Form 1099-S (proceeds from real estate transactions).
- Form 1099-K (merchant card and third-party network transactions).
- Form 1098 (home mortgage interest), 1098-E (student loan interest), and 1098-T (tuition).
- Form 1099-C (canceled debt).
- Form 1099-A (acquisition or abandonment of secured property).

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

Caution: If you don't return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued);
2. Certify that you are not subject to backup withholding; or
3. Claim exemption from backup withholding if you are a U.S. exempt payee; and
4. Certify to your non-foreign status for purposes of withholding under chapter 3 or 4 of the Code (if applicable); and
5. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting is correct. See *What Is FATCA Reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding. Payments made to foreign persons, including certain distributions, allocations of income, or transfers of sales proceeds, may be subject to withholding under chapter 3 or chapter 4 of the Code (sections 1441–1474). Under those rules, if a Form W-9 or other certification of non-foreign status has not been received, a withholding agent, transferee, or partnership (payor) generally applies presumption rules that may require the payor to withhold applicable tax from the recipient, owner, transferor, or partner (payee). See Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*.

The following persons must provide Form W-9 to the payor for purposes of establishing its non-foreign status.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the disregarded entity.
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the grantor trust.
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust and not the beneficiaries of the trust.

See Pub. 515 for more information on providing a Form W-9 or a certification of non-foreign status to avoid withholding.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person (under Regulations section 1.1441-1(b)(2)(iv) or other applicable section for chapter 3 or 4 purposes), do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515). If you are a qualified foreign pension fund under Regulations section 1.897(l)-1(d), or a partnership that is wholly owned by qualified foreign pension funds, that is treated as a non-foreign person for purposes of section 1445 withholding, do not use Form W-9. Instead, use Form W-8EXP (or other certification of non-foreign status).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a saving clause. Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if their stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first Protocol) and is relying on this exception to claim an exemption from tax on their scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called “backup withholding.” Payments that may be subject to backup withholding include, but are not limited to, interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third-party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester;
2. You do not certify your TIN when required (see the instructions for Part II for details);
3. The IRS tells the requester that you furnished an incorrect TIN;
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only); or
5. You do not certify to the requester that you are not subject to backup withholding, as described in item 4 under “*By signing the filled-out form*” above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier.

What Is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all U.S. account holders that are specified U.S. persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you are no longer tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

• **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note for ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040 you filed with your application.

• **Sole proprietor.** Enter your individual name as shown on your Form 1040 on line 1. Enter your business, trade, or “doing business as” (DBA) name on line 2.

• **Partnership, C corporation, S corporation, or LLC, other than a disregarded entity.** Enter the entity’s name as shown on the entity’s tax return on line 1 and any business, trade, or DBA name on line 2.

• **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. Enter any business, trade, or DBA name on line 2.

• **Disregarded entity.** In general, a business entity that has a single owner, including an LLC, and is not a corporation, is disregarded as an entity separate from its owner (a disregarded entity). See Regulations section 301.7701-2(c)(2). A disregarded entity should check the appropriate box for the tax classification of its owner. Enter the owner’s name on line 1. The name of the owner entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For

example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner’s name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity’s name on line 2. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, enter it on line 2.

Line 3a

Check the appropriate box on line 3a for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3a.

IF the entity/individual on line 1 is a(n) . . .	THEN check the box for . . .
• Corporation	Corporation.
• Individual or • Sole proprietorship	Individual/sole proprietor.
• LLC classified as a partnership for U.S. federal tax purposes or • LLC that has filed Form 8832 or 2553 electing to be taxed as a corporation	Limited liability company and enter the appropriate tax classification: P = Partnership, C = C corporation, or S = S corporation.
• Partnership	Partnership.
• Trust/estate	Trust/estate.

Line 3b

Check this box if you are a partnership (including an LLC classified as a partnership for U.S. federal tax purposes), trust, or estate that has any foreign partners, owners, or beneficiaries, and you are providing this form to a partnership, trust, or estate, in which you have an ownership interest. You must check the box on line 3b if you receive a Form W-8 (or documentary evidence) from any partner, owner, or beneficiary establishing foreign status or if you receive a Form W-9 from any partner, owner, or beneficiary that has checked the box on line 3b.

Note: A partnership that provides a Form W-9 and checks box 3b may be required to complete Schedules K-2 and K-3 (Form 1065). For more information, see the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

If you are required to complete line 3b but fail to do so, you may not receive the information necessary to file a correct information return with the IRS or furnish a correct payee statement to your partners or beneficiaries. See, for example, sections 6698, 6722, and 6724 for penalties that may apply.

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have, and are not eligible to get, an SSN, your TIN is your IRS ITIN. Enter it in the entry space for the Social security number. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/EIN. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or Form SS-4 mailed to you within 15 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and enter "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, you will generally have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon. See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier, for when you may instead be subject to withholding under chapter 3 or 4 of the Code.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third-party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information, such as your name, SSN, or other identifying information, without your permission to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax return preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity, or a questionable credit report, contact the IRS Identity Theft Hotline at 800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 877-777-4778 or TTY/TDD 800-829-4059.

Protect yourself from suspicious emails or phishing schemes.

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or report them at www.ftc.gov/complaint. You can contact the FTC at www.ftc.gov/idtheft or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see www.IdentityTheft.gov and Pub. 5027.

Go to www.irs.gov/IdentityTheft to learn more about identity theft and how to reduce your risk.

The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and territories for use in administering their laws. The information may also be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payors must generally withhold a percentage of taxable interest, dividends, and certain other payments to a payee who does not give a TIN to the payor. Proprietary Information:

TDEC OEP is required by Tenn. Code Ann. § 4-3-514(b)(1) to “maintain the confidentiality of all proprietary information it may acquire.” Proprietary information is defined in Tenn. Code Ann. § 4-3-514(b)(2) as “trade secrets and commercial or financial information that is used either directly or indirectly in the business of any person submitting information to the office under this chapter, and that gives such person an advantage or an opportunity to obtain an advantage over competitors who do not know or use such information.” Grantees under the Volkswagen Diesel Settlement Environmental Mitigation Trust School Bus Replacement Grant Program shall identify any proprietary information in submitted documents. TDEC OEP will review information identified as proprietary to determine that it fits within the aforementioned statutory definition of proprietary information. Further, TDEC OEP will maintain a log of the documents that contain proprietary information in order to ensure that such is redacted prior to being produced in response to a records request or disseminated for other purposes.

GRANTS MANAGEMENT SYSTEM (GMS) GUIDE STATE OF TENNESSEE VOLKSWAGEN DIESEL SETTLEMENT ENVIRONMENTAL MITIGATION TRUST FAST CHARGE TN GRANT PROGRAM

The [TDEC Grants Management System \(GMS\)](#) contains a number of Activities that Grantees are required to complete and submit for TDEC OEP approval throughout the duration of the Grant Contract. These activities include Procurement, Proof of Scrappage, Request for Grant Reimbursement, and Required Reporting.

Environmental Review Activity - *to be completed for each site following completion of the Environmental Review Checklist(s)*

Procurement Activity - *to be completed prior to submitting a purchase order for new equipment or services*

Section D.20. of the Grant Contract requires that the procurement of vehicles/equipment/services be made on a competitive basis, including the use of competitive bidding procedures, where practical. In each instance where it is determined that use of a competitive procurement method is not practical, supporting documentation shall include a written justification for the decision and for use of a noncompetitive procurement. The Grantee shall obtain prior approval from the State before purchasing any equipment under the Grant Contract. Do not purchase any equipment under the Medium and Large Truck Grant Program until the State has reviewed and approved this Procurement activity in the TDEC Grants Management System. The Procurement activity must be completed prior to the Grantee submitting a purchase order for new equipment and services to be reimbursed under the Grant Program. The Grantee must complete this activity for each individual purchase order submitted for new vehicles under the Grant Program.

Competitive Bidding Procedure: If the Grantee used a competitive bidding procedure, this option must be selected under the "Procurement Guidelines & Uploads" tab within the Procurement activity. Then, the Grantee must upload the following:

- All bids received via the competitive bidding procedure, with each file labeled with the correct vendor name.
- Copies of your organization's bid solicitation or bid advertisement.
- A written description which includes the name of the vendor and equipment/services your organization proposes to secure under the Grant Program.
- A written justification for selection of a quote or bid which is not the lowest quote or bid received, if applicable.

Alternative Procurement Procedure: If the Grantee used an alternative, non-competitive procurement procedure, this option must be selected under the “Procurement Guidelines & Uploads” tab within the Procurement activity. Then, the Grantee must upload the following:

- A written justification as to why a competitive bidding procedure was not used, and why it was not practical for your organization.
- A copy of the bid or quote received by your organization from your proposed vendor.
- A written description including the name of the vendor and the equipment/services your organization proposes to secure under this grant program.

Debarment Status: Any entity receiving TDEC grant funds must provide non-debarment verification if total goods or services for the open contract are equal to or greater than \$25,000. Search for your organization and entity to confirm that you are not on the Debarment List by going to [System for Award Management \(SAM\)](#). Under the “Debarment Status” tab within the Procurement activity, all Grantees must verify that both their organization and the vendor from which the Grantee is securing equipment/services are not on the federal debarment list. Directions for doing this are as follows:

- Go to the [System for Award Management \(SAM\)](#)
- Click "SEARCH RECORDS" tab.
- In the search bar, type in the Entity name or using an exclusion search term, Duns & Bradstreet number (DUNS) and/or the Entity Commercial and Government Entity (CAGE) code. You can only use one search bar at a time to search for records. Individuals are not assigned a DUNS number or CAGE code. When checking for a debarred individual, conduct the search by typing the name in the top bar.
- Click "SEARCH" to retrieve a list of results. Entities with "Exclusion" listed in purple are currently debarred, while those labeled "Entity" in green do not have exclusions. In the right upper corner of the webpage, use the "Save PDF" option and upload a summary of search results.

Request for Grant Reimbursement Activity - *to be completed following onsite and desktop monitoring and completion of all Grant Contract requirements*

Following onsite and desktop new vehicle monitoring by TDEC OEP staff and completion of all Grant Contract requirements under the Grant Program, the Grantee may submit a Request for Reimbursement activity through the GMS. This activity includes a number of required uploads as follows:

- Expenditures and Individual Accountability Report
- Reimbursement Form
 - This includes a date address mailed to supplier maintenance, indication of whether it is an accrued liability payment, invoice number, purchase order number, receipt number, Edison Vendor ID number, service date period, payment terms, contract number, and total reimbursement due.
- Supporting Documentation, including:
 - Invoices for all expenses

- Documentation for Grantee staff workforce (only required if in-kind item is identified in approved contract)
- Proof of payment to vendor for **each line item** (upload one of the following for each contracted payment: check register, copy of check issued, canceled check, or credit card statement)
- Proof of payment for in-kind labor (if applicable; upload copies of the following: signed timesheets, signed list of employees, hours worked)
- Certification
 - The Grantee authorized signatory will certify to the best of their knowledge and belief that the data submitted is correct, that all expenditures were made in accordance with the contract condition, and payment is due and has not been previously requested.

Required Reporting Activity – *to be completed prior to all established Grantee reporting deadlines for Quarterly Reporting, Annual Reporting, and Final Reporting*

Quarterly, Annual, and Final Reporting must be submitted by the Grantee through the GMS prior to established deadlines throughout the Grant Contract term. Within this activity, the Grantee will select “Quarterly,” “Annual,” or “Final” and then provide the required information.

Quarterly Reporting: Section A.8. of the Grant Contract states that the Grantee must submit quarterly reports to include updates on procurement, vehicle operator training, and refueling infrastructure until the grant-funded vehicle(s) is purchased, delivered, and put into service, and the vehicle(s) to be replaced is Scrapped. Quarterly reports shall be due no later than January 10, April 10, July 10, and October 10 of each year of the Grant Contract term. Please see Appendix A of this Grant Program Manual for the Quarterly Reporting Template and the required information the Grantee must provide.

Annual Reporting: The Grantee shall submit, within three (3) months of the conclusion of each year of the Term, an annual report. Such reporting shall include those items listed in Section D.18 of the Grant Contract, as well as the demonstrated usage of fuel in purchased vehicles, the number of diesel gallon equivalents (DGEs) or gallons purchased, purchase price, refueling locations, miles driven, driving or route habits, metrics regarding emissions reductions, and savings or cost avoidance.

In addition, per Section A.9. of the Grant Contract, the Grantee will be responsible for compiling and submitting annual reports on charging station usage (number of charging events, duration of each charging event, start and stop time of each charging event, amount of electricity dispensed at each charging event in kWh, fees collected for each charging event, aggregate amount of electricity dispensed over the reporting period in kWh, aggregate fees collected over the reporting period, station downtime in hours per year as well as calculated as a percent (e.g., one hundred seventy-five (175) hours or two percent (2%) downtime)); and program income. Where possible, Grantees shall provide the State “view access” to the charging network to allow for remote monitoring of station usage. These reports may be combined with the annual report requirements noted in Section D.18

during the Grant Contract Term, where possible. Following the close of the Grant Contract Term, these reports shall be due no later than 30 days after the close of the Grantee's fiscal year.

The Grantee expressly understands and agrees that the obligations set forth in A.9. shall survive the expiration of this Grant Contract. The following information must be submitted to maintain compliance with projects funded by the Tennessee Department of Environment and Conservation's Office of Energy Programs. Please see Appendix B of this Grant Program Manual for the Annual Report Template and the required information the Grantee must provide.

Final Reporting: The Grantee shall submit, within three (3) months of the conclusion of each year of the Term, an annual report. Such reporting shall include those items listed in Section D.18 of the Grant Contract, as well as the demonstrated usage of fuel in purchased vehicles, the number of diesel gallon equivalents (DGEs) or gallons purchased, purchase price, refueling locations, miles driven, driving or route habits, metrics regarding emissions reductions, and savings or cost avoidance.

In addition, the Grantee will be responsible for compiling and submitting annual reports on fuel usage and vehicle operations for a period of five years, to begin following vehicle procurement, delivery, and the placement of vehicles into service. These reports may be combined with the annual report requirements noted in Section D.18 during the Grant Contract Term, where possible. Following the close of the Grant Contract Term, these reports shall be due no later than 30 days after the close of the Grantee's fiscal year.

The Grantee expressly understands and agrees that the obligations set forth in A.2.h shall survive the expiration of this Grant Contract. The following information must be submitted to maintain compliance with projects funded by the Tennessee Department of Environment and Conservation's Office of Energy Programs. Please see Appendix C of this Grant Program Manual for the Final Report Template and the required information the Grantee must provide.

Environmental Review Checklist

The goal of this program is to develop electric vehicle charging stations with minimal impact to the surrounding environment. TDEC OEP will review this environmental checklist and follow up with the Program Participant as appropriate, in accordance with TDEC OEP's legal and policy requirements associated with this program. Please provide the following information to TDEC OEP program management staff via email (Mark.Finlay@tn.gov) before any construction activities begin, for final environmental review and site approval.

Program Participant: _____

Proposed Charging Site Address (or lat/long): _____

In general, if the proposed electric vehicle charging site is located within previously developed areas, such as: parking lots, gas stations, recently graded land, sites situated on fill material, or other similar low impact situations; and associated activities such as installation of signage, construction of new utility distribution poles or underground utilities, etc. are completely within previously disturbed areas, additional review is not likely required.

If the answer to any question below is *YES*, further review of environmental impacts by TDEC OEP or by the Program Participant, as directed by TVA, may be required. If the answer to any question is *YES*, consider locating another site that avoids these potential impacts and reach out to TDEC OEP to understand additional review responsibilities and costs.
