Respondents.

FIRST AMENDED PETITION FOR TERMINATING USE OF LAND AS BURIAL  
GROUND AND FOR PARTITION AND SALE

RBP Tennessee, LLC [“Petitioner”], by its undersigned counsel, respectfully petitions the Court to terminate the use of certain land as a burial ground, terminate all easements to and from the parcel, allow any remains which might be located to be removed and reinterred elsewhere, and to then partition and sell the land. As grounds, the Petitioner would show that the specific burial grounds are abandoned, and that Petitioner cannot locate any remains buried there. As more thorough grounds, Petitioner states as follows:

**I. Parties and Jurisdiction.**

1. RBP Tennessee, LLC (“Petitioner”) is a limited liability company, duly authorized by the state of Tennessee.

2. Petitioner holds an interest in multiple parcels of land, located at 1951 and 1952 Carters Creek Pike, Franklin, Williamson County, Tennessee. One of these parcels is subject to a reservation for use as a family cemetery (defined below as the “Cemetery Parcel”). Another parcel is subject to an easement for ingress and egress from the reserved parcel to Carters Creek Pike.

3. Given the foregoing, jurisdiction and venue are proper in this Court pursuant to T.C.A. § 46-4-103(a).

4. Pursuant to T.C.A. § 46-4-103(b), all persons who own an interest in the Cemetery Parcel are to be made respondents, as are the spouses, children, and nearest relatives by consanguinity, of any person buried in a burial ground subject to this petition. Out of an abundance of caution, all persons believed to be heirs of the late Jim Cannon have been made respondents here—whether currently owning an interest in the Cemetery Parcel or not—so as to ensure compliance with the statute.

5. The following Respondents are believed to currently hold an interest in the Cemetery Parcel: Melinda S. Williams, George Robinson, Jr., Cheryl A. Robinson, Threcia Bailey, Edward Robinson, Flossie Cannon, Kelly Janene Cannon Hunter, Adrienne Cannon, Baron Cannon, Tammy Cannon, Evelyn Cannon Ferguson, James Edward Cannon, and Elvin Cannon, Jr. Meanwhile, Respondents Willie Sailes, Joe Sailes, Joyce McCray, and Ora Wright are also believed to hold an interest in the Cemetery Parcel as the heirs of the late Eugene Sailes. All of

these known Respondents are believed to be of the age of majority, and are believed to be the heirs of (or heirs of heirs of) Janie M. Cannon and Alice Cannon Watkins.

6. Of the foregoing Respondents, the following cannot be located: Melinda S. Williams, Eugene Sails, Flossie Cannon, Kelly Janene Cannon Hunter, and James Edward Cannon. Additionally, to the extent the late Janie M. Cannon and Alice Cannon Watkins had unknown heirs, the same cannot be located.

7. As described below, Petitioner has not been able to locate or identify any grave markers or remains in the Cemetery Parcel, and thus cannot locate the spouses, children, or relatives of any specific person whose remains may have been buried in the parcel, other than inasmuch as one or more of the named Respondents is such a relative.

8. Petitioner requests that, given the inability to locate certain known and unknown respondents, the Court cause notice to be made to all unknown interested persons, and all interested person identified in paragraph six, above, by publication in a newspaper with general circulation in Williamson County, Tennessee. The same being authorized by Tenn. Code Ann. § 46-4-103(b), Tenn. Code Ann. § 21-1-203 & 204, and Tenn. Code Ann. § 29-27-111.

9. Contemporaneous with filing this Amended petition, Petitioner has supplied notice to the Tennessee Historical Commission, in the manner required by Tenn. Code Ann. § 46-4-103(c).

## II. Facts.

10. By Deed dated April 26, 1921, the heirs of Jarvis Scruggs sold a nine acre tract to Jim Cannon (the “Cannon Property”). A copy of that deed, (the “1921 Deed”) is attached here as **Exhibit A.**

11. The 1921 Deed creates a reservation on the interior of the Cannon Property for a family graveyard, as well as an express easement for ingress and egress from that graveyard to what is now Carters Creek Pike. That reservation was made as to a one-quarter acre portion of the Cannon Property. It can be seen on a survey later performed in 2005, a copy of which is attached here as **Exhibit B**.

12. The Cannon Property, including the reserved portion, was then passed to the heirs of Jim Cannon upon his death in 1957. The same is documented in the affidavit of heirship attached here as **Exhibit C**.

13. In turn, those heirs (and the heirs to those heirs, where appropriate) sold the vast majority of the Cannon Property to Tennestate Enterprises, Inc., in 2005, but excepted a certain portion from the transfer, and retained the express easement for ingress and egress to that portion of the property. The same is reflected in the deed attached here as **Exhibit D**.

14. The portion of the Cannon Property excepted from the deed attached as **Exhibit D**, and retained by the heirs of Jim Cannon is the portion upon which the one-quarter acre reservation was made (the "Cemetery Parcel"). That portion is located interior to the remainder of the Cannon Property, as reflected in **Exhibit B**. Essentially, what was once a one-quarter acre area located within a larger parcel and reserved for a graveyard is now its own parcel, subject to the same reservation.

15. In 2019, RBP Tennessee, LLC ("Petitioner") purchased the interest in the Cannon Property previously held by Tennestate Enterprises, Inc. The same is reflected in the deed attached as **Exhibit E**.

16. Petitioner has since acquired an interest in the Cemetery Parcel, as reflected in the deeds attached as **Exhibit F**, by which multiple respondents transferred their interests to RBP.

RBP currently holds the single largest interest in the property of any co-owner. The rest of the parcel is owned by the remaining heirs of Jim Cannon (or their subsequent heirs), less those who have transferred their ownership to Petitioner. Those individuals, and their heirs where appropriate, have been named Respondents here.

17. The Cemetery Parcel lacks observable grave markers or other indicia of grave sites, and Petitioner has not been able to locate the same upon it—nor is there a list of any person having been buried there in any prior deed. Thus, Petitioner sought the assistance of a professional archaeologist to determine whether Cemetery Plot had been used as an actual graveyard, and whether there were remains located there. Petitioner also obtained the assistance of a ground penetrating radar company, to examine what might be below the surface of the land.

18. Attached here as **Exhibit G** is the Declaration of J. Scott Jones, which is incorporated herein by reference. Dr. Jones is an archeologist, and the President of Midsouth Cultural Resource Consultants. Dr. Jones inspected the Cemetery Parcel for the presence of graves.

19. Attached to **Exhibit G** is the report of Dr. Jones which, in summary, states the following:

It is my opinion that either the cemetery was recorded on the deed incorrectly or in the wrong location or, if unmarked burials were present, these have eroded and washed out and are no longer present.

20. Attached as **Exhibit H** is the Declaration of Mark McCommon, which is incorporated herein by reference. Mr. McCommon is the owner of Petitioner.

21. Attached to **Exhibit H** is a photograph of the Cemetery Parcel taken by Mr. McCommon earlier this year. It shows no headstones, markers, or other visual evidence of existing gravesites.

22. Mr. McCommon (and thus, Petitioner) has searched, and been unable to locate any graves or remains on the Cemetery Parcel (or on the remainder of the Cannon Property). Moreover, the grounds of the Cemetery Parcel have not been maintained as if there were burials there.

23. Attached as **Exhibit I** is the Declaration of Zechariah Vickers, which is incorporated herein by reference. Mr. Vickers is a project manager with GPRS, Inc., which is a ground penetrating radar service provider.

24. Attached to **Exhibit I** is the report from Mr. Vickers and GPRS, Inc., which states that ground penetrating radar scans of the Cemetery Parcel, performed in June of 2020, did not show any sign of existing underground burials.

25. The Cemetery Plot, in terms of its use as a graveyard, has long been abandoned, and kept in a neglected or abandoned condition. There are no markers for graves; there are no identifiable (or unidentifiable) remains or burial locations detectable within the land; and vegetation was not maintained prior to RBP acquiring an ownership interest in the land; no formal access road exists directly to it; and it is not used—and has not been used—for the purpose of remembering or burying the dead for many years. It is therefore unsuitable for use as a burial ground and as a resting place for the dead.

**III. Request for Declaration of Abandonment, Opportunity for Removal, and Partition**

26. Because the Cemetery Parcel has been abandoned as a burial ground or, alternatively, because it has been kept in a neglected or abandoned condition, it is therefore unsuitable for use as a burial ground and as a resting place for the dead. Petitioner requests that the Court enter an order, terminating the use of the Cemetery Parcel as a burial ground (to the extent it has been used as such previously), terminating the reservation made upon it, and terminating the easement for ingress and egress to the Cemetery Parcel from Carters Creek Pike.

27. Petitioner similarly requests that, to extent any Respondent locates remains within the Cemetery Parcel prior to the final hearing on this matter, that the same be reburied in a suitable location obtained for that purpose by any such Respondent.

28. Petitioner further requests that, pursuant to Tenn. Code Ann. § 46-4-103 and Tenn. Code Ann. § 29-27-201, the Cemetery Parcel be partitioned in the form of a sale, by auction, as there are multiple owners of the land, and as the description of the Cemetery Parcel makes it such that it would be manifestly to the advantage of the parties that the same be sold. To the extent any Respondent owning an interest in the Cemetery Parcel cannot be located so as to receive any sale funds resulting from the partition sale, Petitioner further requests that the Court direct the Clerk and Master to accept and hold such funds resulting from the auction for eventual distribution to such Respondents who would be entitled to them.

29. Petitioner further requests that the Court issue summons where appropriate, authorize service by publication where allowed by law, and provide to Petitioner any additional relief to which it may be entitled in this matter.

Respectfully submitted,

---

AFFIDAVIT OF HEIRSHIP

STATE OF TENNESSEE  
COUNTY OF WILLIAMSON

Personally appeared before me, a Notary Public, in and for said County and State, the within named, Janie Cannon, Willie Cannon and Alice Cannon Watkins, Affiants, who after being duly sworn according to law, depose and say as follows:

1. That they are three (3) of the surviving heirs of the estate of their father, James Cannon, who died intestate December 17, 1957 and their mother, Mary Scruggs Cannon, a/k/a Lizzie Cannon, who died intestate on October 16, 1973 in Williamson County, Tennessee.

2. That at the time of the death of their father, James Cannon, intestate on December 17, 1957 he owned the following tracts or parcels of land lying, located and being in the 5th Civil District of Williamson County, Tennessee:

TRACT I

Beginning on the center of the Franklin and Carters Creek Pike; thence, S. 41 1/2 East 52 poles to the top of the ridge; thence, N. 60 E. with the top of the ridge 15 poles; thence, N. 40 E. 10 poles to a slope on top ridge 2 wild cherry pointers; thence, N. 40 1/2 W. 32 1/2 poles to the center of the pike; thence, with center of pike 23 poles to the beginning, containing eight acres.

Being the same property conveyed to Jim Cannon by deed of record in Book 58, Page 224, ROWC., TN.

TRACT II

Land in the 5th Civil District of Williamson County, Tennessee, being the home of the late Jarvis Scruggs, bounded on the North by Bablow Road; on the East by Pets Scruggs; South by Tom Ralton and West by Jim Cannon, containing nine acres, more or less. There is specifically reserved from this conveyance the family graveyard, which is now located on this property as well as the right of ingress and egress to and from said graveyard to the public road, containing about one-quarter of an acre, which is specifically reserved for family burial purposes.

Being the same property conveyed to Jim Cannon by deed of record in Book 45, Page 269, ROWC., TN. That upon the death of James Cannon intestate on December 17, 1957, he was survived by a spouse, Lizzie Cannon.

He was survived by the following children who are the next of kin and heirs at law: (1) Thracia Harston (2) Pearl Merrell (3) Laura Cannon (4) Dorothy Paskett (5) Newt Cannon (6) James Henry Cannon (7) Wash Cannon (8) Janie Cannon (9) Willie Cannon (10) Alice Cannon Watkins. There were three (3) other children born of this union namely, Lucille Robinson, who died on November 26, 1968 intestate and without issue;

Wille Cannon, who died June 23, 1934 intestate and without issue; Thomas Allen Cannon, who died October 12, 1915 intestate without issue.

That pursuant to T.C.A. §31-2-104 the property hereinabove set forth vested in the spouse of the decedent and his children as their interest may appear in fee simple.

That on October 16, 1973 the spouse of James Cannon namely, Mary Scruggs Cannon, a/k/a Lizzie Cannon, died intestate. Prior to her death, she and her husband had acquired as tenants-by-the-entirety the following tracts or parcels of land lying, located and being in the 5th Civil District of Williamson County, Tennessee which are as follows:

### TRACT III

Tract 1: Beginning in the center of Carters Creek Pike in the Southwest corner of tract running in center of said pike North 61 degrees East 50 poles to a stake in the center of highway; thence North 33 degrees West 66 poles and 10 feet to a stone in wire fence on top of ridge; thence South 51 1/2 degrees West 50 poles to an elm tree the Northwest corner of Mary Graham's purchase; thence with bearing South 33 degrees East 64 poles to the beginning, containing 20 acres, more or less, according to survey made by B.W. Gaffin, June 29, 1945.

Tract 2: Bounded on Northwesterly side by Will Johnson; bounded on the Northwesterly side by Orl Scruggs heirs and Carrie Yates; bounded on the Southeastery side by the Carters Creek Pike; and bounded on the Southwestery side by the property this day conveyed to Mary Scruggs Cannon and Eugene Scruggs and being the Northeastery end or portion of what is known as the Wiley Scruggs property, containing 14 acres, more or less.

Being the same property conveyed to Jim Cannon, Mary Scruggs Cannon, John Cunningham and Pearl Scruggs Cunningham by deed of record in Book 34, Page 432, ROWC, TN. See also, Book 34, Page 433, ROWC, TN.

### TRACT IV

Land lying, located and being the 5th Civil District of Williamson County, Tennessee, being further described as follows:

Bounded on the Northwesterly side by Will Johnson; bounded on the Northeastery side by Orl Scruggs heirs and Carrie Yates; bounded on the Southeastery side by the Carters Creek Pike; and bounded on the Southwestery side by the property this day conveyed to Mary Scruggs Cannon and Eugene Scruggs; and being the Northeastery end or portion of what is known as the Wiley Scruggs property.

Being the same property conveyed to Jim Cannon and wife, Mary L. Cannon, by deed of record in Book 33, Page 379, ROWC, TN.

### TRACT VI

Land lying, located and being in the 5th Civil District of Williamson County, Tennessee, being further described as follows:

Bounded on the North by Irvin; bounded on the East by Irvin and Leonard Holt; bounded on the South by a new line separating this tract from the balance of the John and Pearl Cunningham property; bounded on the West by Jim Cannon, and being the Northern portion of a tract of land conveyed to John Cunningham, et ux

as of record in Deed Book 83, Page 590, ROWC., TN. Also see deed of Jim Cannon, et ux to John Cunningham, et ux of record in Deed Book \_\_, Page \_\_, ROWC, TN.

Being the same property conveyed to Jim Cannon and wife, Mary L. Cannon by deed of record in Book 93, Page 380, ROWC, TN

#### TRACT VI

Land being located and being in the 5th Civil District of Williamson County, Tennessee being further described as follows:

Bounded on the North by lands lately sold to the said Cannon and wife by the grantor herein on the east by Hill and Mrs. Carters Creek Pike on the South and West by other lands of the said Cannon and wife, and containing five acres, more or less.

Being the same property conveyed to Jim Cannon and wife, Mary Lizzie Cannon by deed of record in Book 96, Page 242, ROWC, TN.

That upon the death of James Cannon on December 17, 1957 Mary Scruggs Cannon became the owner in fee simple of the aforementioned property as the surviving tenant-by-the-entirety. That upon her death on October 16, 1973 intestate, she was survived by the following next of kin and heirs at law: (1) daughter, Pearl Morrell, who died August 19, 1980 intestate. She had one daughter, Marie Robinson, who has subsequently died, however she is survived by four children namely: George Robinson, Jr., Thredia Robinson, Cheryl Robinson and Eddie Robinson; (2) daughter, Laura Cannon, who died June 5, 1968, however, she is survived by one daughter namely: Elizabeth Cannon Jackson; (3) daughter, Dorothy Paskett, who died April 27, 1996 who is survived by one child namely: Kelvin Paskett; (4) son, Newt Cannon, who died intestate on September 20, 1969, however, he had four children namely: Newt Cannon, Jr., Henry Douglas Cannon, Milton Cannon and Blvin Cannon, who died approximately 20 years ago who is survived by three children namely: Tammy Cannon, Julie Cannon and Evelyn Cannon; (5) son, James Henry Cannon, who died intestate October 20, 1972 who is survived by three children namely: James Cannon, Jr., Thomas Cannon and Evelyn Cannon. Thomas Cannon and Evelyn Cannon died intestate without issue; (6) son, Wash Cannon, who died February 8, 1994 intestate who is survived by two children namely: Josephine Salls and Juanita Williams; (7) daughter, Janie Cannon; (8) son, Willie Cannon; (9) daughter, Alice Cannon Watkins.

That pursuant to T.C.A. §31-2-104 upon the death intestate of Mary Scruggs Cannon, all of the aforementioned next of kin and heirs at law, acquired any interest which she owned in the property owned individually by James Scruggs and any property which she

owned as the result of being the surviving tenant-by-the-entirety of James Scruggs vested in her next of kin and heirs at law as hereinabove set forth in fee simple.

That this Affidavit of Heirship is given pursuant to T.C.A. §30-2-712 for the purpose of setting forth the persons legally entitled to said property at the time of the death intestate of Jim Cannon and the death intestate of his wife, Mary L. Cannon.

The information contained in this Affidavit is based upon the memory of the Affiants and upon the Family Bible of the mother and father of the Affiants namely, James Cannon and Mary Scruggs Cannon.

# EXHIBIT G.

## DECLARATION OF J. SCOTT JONES

My name is J. Scott Jones. I am over the age of 18, and competent to testify to the matters contained in this declaration, as I have personal knowledge of them.

1. I am an archeologist, and the President of Midsouth Cultural Resource Consultants, which is an archeology consulting firm located in Middle Tennessee. My education, training and experience are set out in my *curriculum vitae*, which is attached to this declaration as Exhibit 1. By way of summary, however, I have a Bachelor's of Science in Anthropology from Middle Tennessee State University, a Master of Arts in Anthropology from Oregon State University, and a Ph.D. from the University of Kentucky in Anthropology. I have worked as an archeologist for thirty years, have experience with the investigation of cemeteries and removal of remains from burial grounds, and I am a member of the Register of Professional Archeologists.

2. Prior to executing this declaration, I was retained by Mark McCommon on behalf of RBP Tennessee, LLC to determine whether there are graves containing human remains on a one-quarter acre parcel located at 1951 and 1952 Carters Creek Pike.

3. To investigate that matter, I first conducted archival research with the Tennessee Division of Archeology and the Tennessee Historical Commission. Neither archive contained any evidence or indication of an unmarked cemetery in the location indicated on the deeds and land survey supplied to me by RBP Tennessee, LLC.

4. On March 5, 2020, I inspected the site on foot, and looked for the indicia of a burial ground which would be expected of an unmarked cemetery. The rationale for my conclusions is contained in my report, which is attached here as Exhibit 2 and incorporated by reference herein, however – in summary – it is my opinion based upon my training, education, and experience, that either no remains were ever buried at this one-quarter acre parcel ground, or if the area was used to bury human remains, erosion and natural processes have resulted in the remains no longer being

present. I believe that the former is more likely than the latter, but in either case, it is my opinion that no human remains are currently present at the site. The site is abandoned inasmuch as it was intended to be a burial ground.

Pursuant to Tenn. R. Civ. P. § 72, I declare under penalty of perjury that the foregoing is true and correct.

A handwritten signature in cursive script that reads "J. Scott Jones". The signature is written in dark ink and is positioned above a horizontal line.

**RE: Unmarked cemetery**

Mr. McCommon:

In regard to the unmarked cemetery indicated on your property's deed, I have conducted archival research with the Tennessee Division of Archaeology (TDOA) and the Tennessee Historical Commission (THC). Neither produced any evidence or indication of an unmarked cemetery in the area indicated on the deed.

Field inspection and pedestrian reconnaissance was conducted on March 5, 2020. No indication of any surface features indicative of unmarked burials was observed. The area indicated on the deed is highly eroded with extensive surface exposure. No potential grave shafts or other indication of subsurface features was observed. Given the steep topography and extent of erosion, if unmarked burials are present in the area indicated on the deed, some indication of grave shafts in the form of depressions, coffin hardware, and potentially human skeletal remains should be evident. None of these were observed.

It is my opinion that either the cemetery was recorded on the deed incorrectly or in the wrong location or, if unmarked burials were present, these have eroded and washed out and are no longer present. Given the number of small, family plots in the local area, it is likely that this area was incorrectly recorded on the deed.

Please let me know if you have any questions and if I can be of further assistance.

Sincerely,

A handwritten signature in cursive script that reads "J. Scott Jones". The signature is written in black ink and is positioned above the typed name and title.

## DECLARATION OF MARK MCCOMMON

1. My name is Mark McCommon. I am over the age of 18, and competent to testify to the matters set out in this declaration, as I have personal knowledge of them.
2. I am the owner of RBP Tennessee, LLC ["RBP"] and I am authorized to state the matters outlined in this declaration on RBP's behalf.
3. RBP maintains an ownership interest in certain properties located at 1951 and 1952 Carters Creek Pike, Franklin, Williamson County, Tennessee. Specifically, RBP purchased a parcel of land from Tennestate Enterprises, Inc. in 2019, which was approximately twenty-two acres in size. Since then, RBP acquired an ownership interest in a one-quarter acre parcel which is located inside the prior parcel, as reflected on the deeds attached here as collective Exhibit 1.
4. I am aware of language in various deeds recorded with the Williamson County Register of Deeds which indicates that a burial ground may be located on the one-quarter acre parcel. On multiple occasions, I have attempted to locate graves within that parcel, and have been unable to do so. I have similarly been unable to find any grave markers or other signs of use as a burial ground. At the time RBP acquired an interest in this parcel, the land was not, and had not been, maintained as if it were a cemetery or burial ground.
5. Attached here as Exhibit 2 are pictures showing the condition of the one-quarter acre parcel. The contents of the pictures speak for themselves, but I have not been able to locate in that area any indicia of existing human remains or burials.
6. Prior to filing the Petition in this case, I obtained the services of J. Scott Jones, Ph.D on behalf of RBP. Mr. Jones is a Registered Professional Archeologist, the President-Elect of the Tennessee Council for Professional Archeology, and the President of Midsouth Cultural Resource Consultants – which is an archeology firm. Mr. Jones was unable to identify any indicia of currently existing graves or human remains on the parcel.

7. Prior to filing the Petition in this case, I also obtained the services of GPRS, Inc. GPRS, Inc. is a ground penetrating radar service provider—they use radar to look for buried objects. GPRS, Inc. scanned the one-quarter acre parcel, and did not find any indicia of currently existing burial locations or human remains.

8. Prior to filing the Petition in this matter, I (on RBP's behalf), sought out the persons identified in the 2006 deed to Tennestate Enterprises, Inc. as the heirs of Jim Cannon. I did so to determine whether this specific location had any personal significance to them, as they were still the owners of the one-acre parcel. Of the eight persons I was able to speak with personally, none stated to me that they desired to use the one-quarter acre parcel as a cemetery for themselves or their family in the future.

9. Of the persons listed on the 2006 deed, I was unable to contact the following persons as of the filing of the petition in this matter: Melinda S. Williams, Eugene Sails, George Robinson, Jr., Cheryl A. Robinson, Threcia Bailey, Edward Robinson, Flossie Cannon, Kelly Janene Cannon Hunter, Adrienne Cannon, Shonita Frey, Tammy Cannon, Evelyn Cannon Ferguson, James Edward Cannon, Elvin Cannon, Jr., and the heirs of Alice Cannon Watkins, and the heirs of Janie M. Cannon. As for, Darryle Cannon, Henry Cannon, Alice Cannon, Milton Cannon, and Deborah Howse, they executed deeds transferring their interests in the property to RBP.

10. Of the respondents, I have learned from discussions with members of the Cannon family that the following persons live outside of Tennessee (I have provided their last known addresses where available to me—with the remaining addresses being unknown despite inquiry with members of the Cannon family about the same): Henry Cannon (having a last known address of 868 Iglehart Avenue, St. Paul, Minnesota, 55104), Kelvin Paskett (Chicago, IL; street address

unknown), Cheryl Robinson Paskett (Chicago, IL; street address unknown), George Robinson, Jr. Paskett (Chicago, IL; street address unknown), Edward Robinson Paskett (Chicago, IL; street address unknown), Threcia Bailey Paskett (Chicago, IL; street address unknown), Elizabeth Jackson (1124 Parkside Lane, McDonough, GA 30253), and Elvin Cannon, Jr. (Columbus, OH; street address unknown).

11. As for Alice Cannon Watkins and Janie Cannon, I have been informed that both have passed away, that they had no issue, and that their brothers and sisters have passed as well. Thus, the identity and addresses of their heirs is unknown to me or RBP. Also, despite inquiring with their family members, I have not been able to locate addresses of the state of residence for the following persons: Melinda Williams, Eugene Sails, Flossie Cannon, Kelly Janene Cannon Hunter, and James Edward Cannon.

12. Finally, while Alice Cannon has been helpful in terms of communicating regarding Adrienne Cannon and Shonita Frey, and I understand that they still reside in Tennessee, I have not been able to ascertain the addressees of their residence thus far.

13. Pursuant to Tenn. R. Civ. P. § 72, I declare under penalty of perjury that the foregoing is true and correct.

# EXHIBIT I.

DECLARATION OF ZECHARIAH VICKERS

1. My name is Zechariah Vickers. I am over the age of 18, and competent to testify to the matters set out in this declaration, as I have personal knowledge of them.
2. I am employed as a Project Manager by Ground Penetrating Radar Systems, Inc. ("GPRS"), and have been so employed for the last two years. GPRS is a provider of ground penetrating radar services, in which radar is used to scan for buried objects. At the beginning of my employment with GPRS I was specially trained by GPRS in the use of such equipment, both in the classroom and on various job sites.
3. GPRS was retained by Mark McCommon to investigate whether underground burials were located on a portion of certain property owned by RBP of Tennessee, LLC at 1951 Carter's Creek Pike (the "Property").
4. On June 1, 2020, ground penetrating radar scans were performed on a portion of the Property by me. In turn, I created a report identifying the findings of the scans, the location upon which they were performed, and the parameters used for the scanning. A copy of that report is attached hereto as Exhibit A.
5. As reflected in the report, the ground penetrating radar scans did not reveal any indication of the presence of underground burials at the location scanned.
6. Pursuant to Tenn. R. Civ. P. § 72, I declare under penalty of perjury that the foregoing is true and correct.

## **PROCESS**

Initial GPR scans were collected in order to evaluate the data and calibrate the equipment. Based on these findings, a scanning strategy is formed, consisting of scanning the entire area in a grid with in order to locate any potential burials that may remain at the site. The GPR data is viewed in real time and if anomalies in the data were located, they would have been marked on the surface with spray paint.

## **LIMITATIONS**

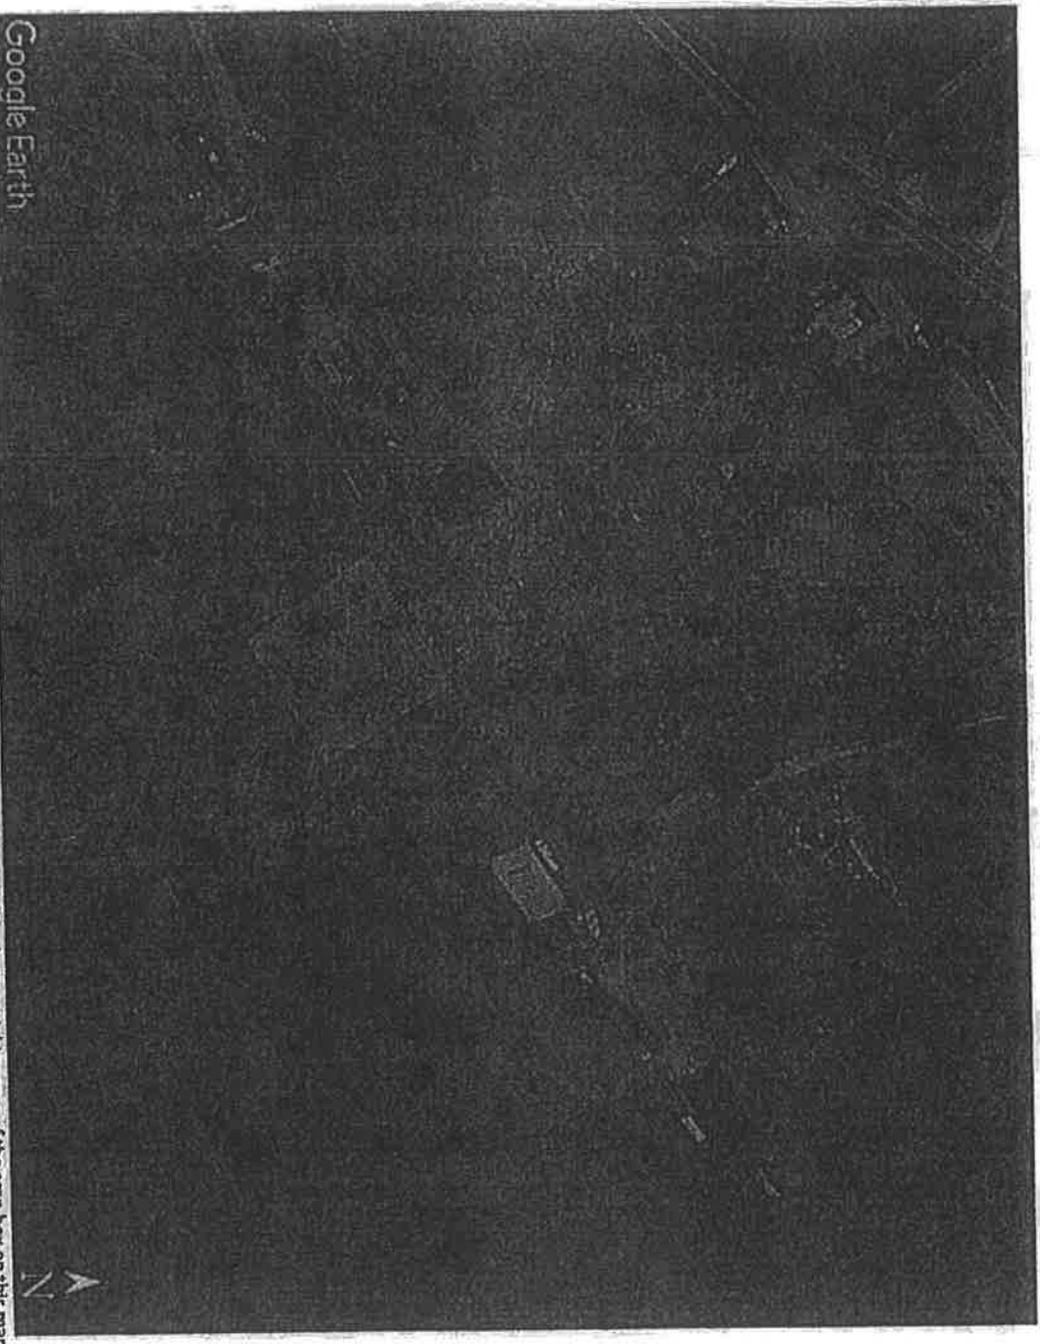

Please keep in mind that there are limitations to any subsurface investigation. The equipment may not achieve maximum effectiveness due to soil conditions, above ground obstructions, reinforced concrete, and a variety of other factors. No subsurface investigation or equipment can provide a complete image of what lies below. Our results should always be used in conjunction with as many methods as possible including consulting existing plans and drawings, exploratory excavation or potholing, visual inspection of above ground features, and utilization of services such as One Call/811.

The ability of GPR to find burials depends on a variety of factors including, but not limited to, the type of containment, material of containment, depth of burial, conductivity of soil, age and decomposition of burial. We cannot guarantee that all burials will be detected and false positives may have been encountered and marked.

At this site, our scanning was limited in some areas due to an uneven scanning surface and exposed boulders.

## **FINDINGS**

The subsurface conditions at the time of the scanning allowed for maximum GPR depth penetration of 5' in most areas. The equipment and methods used did not detect reactions from potential burials. The following pages will provide further explanation of the findings.

Grey Box represents the 110' x 110' scan area based on the corner wooden stake. The wooden stake was at the bottom right corner of the scan box on this map.
