

Who we are:

The Department of Environment and Conservation exists to enhance the quality of life for citizens of Tennessee and to be stewards of our natural environment.

We foster a work environment that's inclusive as well as diverse, where our people can be themselves. Every idea and perspective are valued so that our culture reflects the people we serve.

Our Department is committed to providing a cleaner, safer environment that goes hand-in-hand with economic prosperity and increased quality of life in Tennessee. We deliver on our mission through managing regulatory programs that maintain standards for air, water and soil quality while providing assistance to businesses and communities in areas ranging from recreation to waste management. We manage the state park system and programs to inventory, interpret and protect Tennessee's rich natural, historical, and archaeological heritage.

About the Office of External Affairs:

The Office of External Affairs serves as the primary point of contact for external stakeholders for environmental concerns across the state, through their eight (8) regions. Regional Directors actively work with local and state officials, business and industry, the general public, community development representatives, and environmental groups. The External Affairs team also serves as key representatives for coordinating and facilitating public meetings, regulatory hearings, information sessions, and community engagement opportunities to ensure TDEC is inclusive while meeting its mission.

Student Intern Office of External Affairs Knoxville Environmental Field Office Compensation: \$19 per hour

The Tennessee Department of Environment and Conservation (TDEC) is excited to offer an outstanding opportunity for college students to intern with our Division of External Affairs (OEA) in our Knoxville Environmental Field Office.
