

Who we are:

The Department of Environment and Conservation exists to enhance the quality of life for citizens of Tennessee and to be stewards of our natural environment.

Our Department is committed to providing a cleaner, safer environment that goes hand-in-hand with economic prosperity and increased quality of life in Tennessee. We deliver on our mission by managing regulatory programs that maintain air, water, and soil quality standards while assisting businesses and communities in areas ranging from recreation to waste management. We manage the state park system and programs to inventory, interpret, and protect Tennessee's rich natural, historical, and archaeological heritage.

About the Tennessee State Parks:

From its beginning in 1937, Tennessee State Parks were established to protect and preserve Tennessee's unique natural, cultural, and historic resources. The public interest has also been served by a variety of benefits for citizens and communities produced by our state park system, promoting stronger communities and healthier citizens across the state through diverse resource-based recreation while conserving the natural environment for today and tomorrow – preserving authentic Tennessee places and spaces for future generations to enjoy. As stewards of the resources in our parks, we seek to manage Tennessee's state parks to preserve and protect valued resources and provide a balance of services and benefits for the enjoyment of the people.

TSP Maintenance Technician Roan Mountain State Park Annual Salary: \$34,752

Our Tennessee State Parks (TSP) are among the most beautiful in the United States. We have an outstanding opportunity to work in a beautiful environment at Roan Mountain State Park in Roan Mountain, TN. The Park has a conference center, vacation cabins, a campground, bathhouses, a visitor's center, and picnic shelters.

This position requires skilled landscaping and equipment operation and involves custodial duties for the campground bathhouses during peak season. The ideal candidate should demonstrate experience in progressively responsible skilled labor or trades work, a background in building and grounds maintenance (including heating and refrigeration systems), and proficiency in the safe operation and maintenance of landscaping and maintenance equipment. A valid driver's license is required for the position. Candidates must meet the minimum qualifications (MQs) for the position. For MQs and how to apply, please visit: <https://www.tn.gov/careers>.

Highlighted Responsibilities:

- Operate a variety of landscaping and maintenance equipment, such as mowers, tractors, chainsaws, and trimmers, to perform general grounds maintenance tasks, including mowing, trimming, and debris removal.
- Assist with building maintenance, including basic repairs to heating, refrigeration, and facility systems.
- Support seasonal maintenance activities as needed.
- Follow safety procedures and maintain tools and equipment in good working condition.
- Operate a wide range of tools and equipment in both indoor and outdoor environments.
- Perform routine janitorial duties to maintain clean and safe facilities. Collect and remove trash from facility grounds and surrounding areas to maintain cleanliness and appearance.
- Collaborate with team members by sharing technical knowledge and supporting group project completion.

Pursuant to the State of Tennessee's Workplace Discrimination and Harassment policy, the State is firmly committed to the principle of fair and equal employment opportunities for its citizens and strives to protect the rights and opportunities of all people to seek, obtain and hold employment without being subjected to illegal discrimination and harassment in the workplace. It is the State's policy to provide an environment free of discrimination and harassment of an individual because of that person's race, color, national origin, age (40 and over), sex, pregnancy, religion, creed, disability, veteran's status, or any other category protected by state and/or federal civil rights laws.
