

## Who we are:

The Department of Environment and Conservation exists to enhance the quality of life for citizens of Tennessee and to be stewards of our natural environment.

Our Department is committed to providing a cleaner, safer environment that goes hand-in-hand with economic prosperity and increased quality of life in Tennessee. We deliver on our mission through managing regulatory programs that maintain standards for air, water and soil quality while providing assistance to businesses and communities in areas ranging from recreation to waste management. We manage the state park system and programs to inventory, interpret and protect Tennessee's rich natural, historical, and archaeological heritage.

## About the Division of Water Resources (DWR):

The Division Water Resources is responsible for managing, protecting, and enhancing the quality of the state's water resources for all Tennesseans through voluntary, regulatory, and educational programs. Division activities include establishment of water quality criteria; issuance of permits and certifications; evaluation of monitoring data; conducting inspections; management of financial assistance for infrastructure and oversight activities related to stream channel modification, wetland alterations, dredging, groundwater protection, wellhead protection, safe dams, septic systems, pretreatment, bio solids application, and storm water.

## TDEC Environmental Protection Specialist 2 Division of Water Resources (DWR) Compliance and Enforcement Unit Annual Salary Range: \$49,092 - \$78,552

Are you seeking a wonderful opportunity to work with a collaborative team in Tennessee State government? Are you concerned with protecting our environment and public health? This position works with management and staff to regulate and monitor the National Pollutant Discharge Elimination System (NPDES) pretreatment program, which has oversight of municipal systems across the state. The position evaluates monitoring programs of industries and ensures they are meeting state and federal regulations. The position is located at our Central Office in Nashville, TN. Currently, TDEC employees are working in alternative workspaces from their home with the flexibility to have scheduled time in their assigned office.

Serving as a working level engineer and inspector in pretreatment compliance, the job responsibilities include providing technical assistance to our customer base and other regulators across the state, conducting technical reviews of data, and conducting oversight audits and inspections on municipalities. Preferred candidates will have a degree in chemical or civil engineering, excellent presentation skills, and writing skills. Travel across the state conducting inspections and audits is required to meet the objectives of the Division. Frequency of travel may be up to one to two weeks every month for inspections, meetings, workshops, conferences, and other mission-oriented events. Visit [www.tn.gov/careers](http://www.tn.gov/careers) to apply for this position.

### Highlighted Responsibilities:

- Serve as a working level engineer/inspector for the NPDES pretreatment program.
- Provide technical assistance to our customer base and other regulators across the state. Conduct technical reviews of data, and conduct oversight audits and inspections for municipalities.
- Ensure incoming compliance data is maintained and transferred into a variety of databases, such as Oracle-based systems and the federal database. Review data for accuracy and complete according established timeframes.
- Coordinate with our field offices to ensure inspections are scheduled according to assigned workplan. Answer related questions.
- Assist other staff to prepare quarterly federal submission reports and inspection letters.
- Serve on various workgroups as needed to represent the Division in compliance matters.
- Prepare and present presentations and training on compliance related topics in conferences, and other public forums.
- Respond to stakeholder requests in a timely, customer focused manner.

*Pursuant to the State of Tennessee's Workplace Discrimination and Harassment policy, the State is firmly committed to the principle of fair and equal employment opportunities for its citizens and strives to protect the rights and opportunities of all people to seek, obtain, and hold employment without being subjected to illegal discrimination and harassment in the workplace. It is the State's policy to provide an environment free of discrimination and harassment of an individual because of that person's race, color, national origin, age (40 and over), sex, pregnancy, religion, creed, disability,*
