Are you interested in protecting our environment and public health? The Division of Remediation is seeking an entry level engineer for our Oak Ridge Office to assist in the oversight of various landfill and waste management operations for the cleanup of contaminants at the Department of Energy (DOE) Oak Ridge Reservation.

The preferred candidate will apply their educational experience to hazardous waste disposal evaluations, waste acceptance criteria reviews, landfill operation compliance and site closure plans. This position will support the TDEC lead for the existing hazardous and low-level waste landfill and the planning efforts for a proposed landfill. The ability to think critically and provide analysis of data and reports is essential. The preferred candidate will have experience establishing professional working relationships with internal and external partners. A DOE clearance is required for this position and candidates must possess or be able to obtain this clearance. To apply for this position: [https://www.tn.gov/careers](https://www.tn.gov/careers).

Highlighted Responsibilities:

- Assist the site lead with the current low-level radiological and hazardous waste disposal facility, including closure.
- Support site lead for the planning of the proposed low-level radiological and hazardous waste disposal facility, including Waste Acceptance Criteria development.
- Conduct technical review and evaluation of DOE submitted documents pertaining to waste management for both chemical and radiological contaminants.
- Participate in the review of Waste Handling Plans for clean-up projects at the Oak Ridge Reservation.
- Collaborate and coordinate with the U.S. EPA and the DOE to address and resolve compliance concerns for effective waste disposal outcomes.
- As a representative of the State, at the project team level, be comfortable speaking on waste management and landfill issues.
- Be able to interpret and follow state and federal environmental regulations, such as solid waste regulations; Comprehensive Environmental Response, Compensation and Liability Act; and the Resource Conservation and Recovery Act.

Pursuant to the State of Tennessee's Workplace Discrimination and Harassment policy, the State is firmly committed to the principle of fair and equal employment opportunities for its citizens and strives to protect the rights and opportunities of all people to seek, obtain, and hold employment without being subjected to illegal discrimination and harassment in the workplace. It is the State's policy to provide an environment free of discrimination and harassment of an individual because of that person's race, color, national origin, age (40 and over), sex, pregnancy, religion, creed, disability, veteran's status or any other category protected by state and/or federal civil rights laws.
