Dear Mr. Daffron, Mr. Felosi, Mr. Henry and Mr. Moore:

Site Treatment Plan for Mixed Waste on The United States Department of Energy Oak Ridge Reservation- Resubmittal of the Annual Update (Version 24.1)

The Tennessee Department of Environment and Conservation (TDEC)'s divisions of Remediation and Solid Waste Management wish to notify the U.S. Department of Energy (DOE) that we are exercising the authority, granted to us under section 2.8.5.1 of the Site Treatment Plan (STP) for Mixed Waste on the DOE Oak Ridge Reservation, to extend our review period of the subject matter document by 30 days, i.e. until April 13, 2020.

This is needed in view of the receipt of a letter, dated February 5, 2020 from David Adler, which necessitates additional review. TDEC's goal is to prepare an integrated response that considers both the recent correspondence as well as the resubmittal of the Annual Update (Version 24.1). Should an additional extension beyond April 13, 2020 be required, we will formally inform you at the earliest.
