**Subject:** Camden Update 6-12-2017

Dear Camden Citizens –

Below is a summary of items that have occurred at EWS from Thursday 6/1 through Friday 6/9. My previous update covered the period through Wednesday 5/31.

Pat.

- Continued to ship Aluminum Processing Waste Cell leachate off-site for disposal
- Continued to treat Industrial Waste Cell leachate
- Performed routine daily gas system and cover operation and maintenance activities
- Performed daily ammonia monitoring
- Watered site roads to minimize dust generated during site activities
- Also used water truck to apply water to grass on Industrial Waste Cell interim cover
- Conceptual development of closure options ongoing
- Covered loose tires on Aluminum Processing Waste Cell with tarp to minimize water/mosquito issues
  - Tires expected to be removed during final closure activities
