Subject: Camden Update 7-3-2017

Dear Camden Citizens –

Below is a summary of items that have occurred at EWS from Saturday 6/24 through Friday 6/30. My previous update covered the period through Friday 6/23.

Pat.

- Continued to ship Aluminum Processing Waste Cell leachate off-site for disposal
- Continued to treat Industrial Waste Cell leachate
- Performed routine daily gas system and cover operation and maintenance activities
- Repaired erosion from stormwater on the Aluminum Waste Processing Cell
- Repaired, regraded, and reseeded small erosional area on Industrial Waste Cell
- Performed daily ammonia monitoring
- A sprinkler system on the Industrial Waste Cell was partially installed and is functioning
- Continuing site clean-up and housekeeping activities
- The first EWS bankruptcy auction event was completed
 - Trucks and trailers that have been sold are starting to leave the site
 - Remaining items sold at first auction expected to be removed from site over the next week
 - Second auction event (for heavy equipment) is in the planning stages
- Development of closure design ongoing

As a reminder, today is the last day for TDEC to receive public comments on the termination of the EWS Class II Landfill permit. Please submit comments by email to Greg Luke at greg.luke@tn.gov or by fax (to Greg's attention) using fax number 615-532-0938. Thank you.
