**Subject:** Camden Update 7-24-2017

Dear Camden Citizens –

Below is a summary of items that have occurred at EWS from Saturday 7/15 through Friday 7/21. My previous update covered the period through Friday 7/14.

Pat.

- Continued to ship Aluminum Processing Waste Cell leachate off-site for disposal
- Shipped treated Industrial Waste Cell leachate off-site for disposal
- Continued to treat Industrial Waste Cell leachate
- Performed routine daily gas system and cover operation and maintenance activities
- Repaired erosion from stormwater on the Aluminum Waste Processing Cell
  - Upgraded Aluminum Waste Processing Waste cell with new drainage outlets lined with rip-rap
- Performed daily ammonia monitoring
- Continuing site clean-up and housekeeping activities
- Completed work on Industrial Waste Cell sprinkler system
- Development of closure design ongoing

On an administrative note, a meeting was held during the period with representatives of Ritchason Auctioneers (the auctioneers assigned by Truxton Bank who holds liens on the EWS property) to discuss an auction of remaining equipment (compressors, shop equipment, etc.). Ritchason is considering holding an auction in the coming weeks.
