**Subject:** Camden Update 8-28-2017

Dear Camden Citizens –

Below is a summary of items that have occurred at EWS from Saturday 8/19 through Friday 8/25. My previous update covered the period through Friday 8/18.

Pat.

- Continued to ship Aluminum Processing Waste Cell leachate off-site for disposal
- Treated Industrial Waste Cell leachate to prepare for off-site disposal
- Performed routine daily gas system and cover operation and maintenance activities
- Performed daily ammonia monitoring
- Continuing site clean-up and housekeeping activities
- Repaired stormwater erosion on Aluminum Processing Waste and Industrial Waste Cells
- Scheduled Landmarc to repair leachate transducer/control panel damage from recent storm
- Development of closure design ongoing (performing final reviews of bid packages)
