Subject: Camden Update 1-8-2018

Dear Camden Citizens –

I hope that everyone had a safe and enjoyable holiday season. As mentioned previously, this update has been delayed due to the holidays and is an update for a two week period. We will return to our normal schedule next week. Below is a summary of items that have occurred at EWS from Saturday 12-23-2017 through Friday 1-5-2018. My previous update covered the period through Friday 12-22-2017.

Pat.

- Continued to ship Aluminum Processing Waste Cell leachate off-site for disposal
- Industrial Waste Cell leachate was treated and stored prior to disposal
- Performed routine daily gas system and cover operation and maintenance activities
- Performed daily ammonia monitoring
- Continuing site clean-up and housekeeping activities
- Design package management and bid schedule is evolving as more specific information becomes available. Recent activities and current milestone dates are:
 - Design Package Release: January 5, 2018 (Completed)
 - Mandatory Contractor Site Meeting: January 19, 2018
 - Notice to Successful Bidder: February 28, 2018
 - Expected Closure Construction Mobilization: April 6, 2018
 - Expected Closure Construction Completion: August 31, 2018

As mentioned in the previous update, the third quarter groundwater monitoring report has been posted on the TDEC web page established for the EWS site (for groundwater samples obtained in September 2017). Click [here](#) to view this web page.
