Subject: Camden Update 3-19-2018

Dear Camden Citizens –

Below is a summary of items that have occurred at EWS from Saturday 3-10-2018 through Friday 3-16-2018. My previous update covered the period through Friday 3-9-2018. Please note the item about TDEC planning a meeting for interested citizens at the Benton County Courthouse on April 12th to discuss the upcoming closure construction.

Pat.

- Continued to ship Aluminum Processing Waste Cell leachate off-site for disposal
- Shipped Industrial Waste Cell leachate off-site for disposal
- Industrial Waste Cell leachate continued to be treated and stored
- Performed routine daily gas system and cover operation and maintenance activities
- The Red Barn ammonia monitor is still out being repaired; the loaner unit remains in place and is collecting data
- Performed daily ammonia monitoring
- Continued site clean-up and housekeeping activities
- Continued to repair erosion areas resulting from recent heavy rains
- As noted in last week's update, the fourth quarter Groundwater Monitoring Report has been posted to the website. Click [here](#) to view this web page.
- Also as noted in last week's update, the successful bidder for the closure work has been selected; Wright Brothers Construction was the successful bidder. TDEC is in the process of finalizing contract documents for the closure work. Here is a link to Wright Brothers' website for more information about them: <http://www.wbcc.com>.
- We are planning a meeting open to any interested citizens (similar one previously held in September) so that TDEC can present information regarding the upcoming construction effort. Representatives of CEC (engineering firm), Wright Brothers Construction (contractor), Weaver Consultants Group (construction quality assurance firm), and TDEC will be attending this meeting. The meeting will be held at the Benton County Courthouse, with an information session starting at 5:00 pm and a formal presentation starting at 6:00 pm.
- Recent activities and current milestone dates are:
 - Design Package Release: January 5, 2018 (Completed)
 - Mandatory Contractor Site Meeting Was Held on January 19, 2018 (Completed)
 - Notice to Successful Bidder: March 9, 2018 (Completed)
 - Expected Closure Construction Mobilization: April, 2018
 - Expected Closure Construction Completion: November, 2018
