Nashville, TN 37243

RE: Cheatham County Municipal Solid Waste Regional Plan

Dear Mr. Davis:

The Cheatham County Solid Waste Planning Region is pleased to submit a response to the comments on the regional plan. Comments regarding the plan were submitted to the region by the Division of Solid Waste Assistance (DSWA) in a letter dated March 13, 1996. The letter identified seven areas of deficiency requiring immediate attention. These seven areas of deficiency include the following: 1) Budget and Funding, 2) Disposal capacity assurance, 3) Implementation schedule, 4) County commission approval, 5) Confirmation letters, 6) Uniform financial accounting, and 7) Public hearing. The areas of deficiency have been addressed and the appropriate information has been bound in the enclosed document entitled, “Addendum I: Solid Waste Plan Revisions, Municipal Solid Waste Regional Plan for the Cheatham County Solid Waste Planning Region.” Addendum I has been prepared by Draper Aden Associates on behalf of the planning region. The information provided in Addendum I supersedes any parts of the regional plan which may be affected by this addendum.

The addendum has been divided into eight sections containing the information required by the comments from the DSWA. Section One of the Addendum contains a copy of the comment letter from the DSWA. The letter and its attachments will become part of the regional plan.

Budget and funding information for all localities within the region is included in Section Two of Addendum I. Budget and funding plans have been prepared based on the goals of the solid waste regional plan. In the event that a locality is implementing a different program to meet the goals as specified in the plan, the revised budget information has been included in the budget and funding plan. A budget has not been prepared for localities which do not provide any solid waste services. Finally, budget and funding information has been projected for the ten year duration of the plan.
Disposal capacity issues have been resolved. A schedule for implementing disposal programs is included in Section Three of the Addendum. This schedule has also been incorporated into the comprehensive schedule included in Section Four of the Addendum. Also a letter has been provided by BFI stating the Middlepoint Landfill has the disposal capacity to accommodate the wastestream generated by the region for a ten year period. The awarded contract will be submitted along with the annual progress report.

A comprehensive implementation schedule for the region has been developed and is included in Section Four of the Addendum. This schedule contains specific milestones for the implementation of all solid waste programs. Additionally, milestones are identified by the locality responsible for implementing each portion of the program.

The county commission has not approved the plan. Copies of resolutions regarding plan approval or disapproval are included in Section Five of Addendum I. Upon county commission approval, a copy of the resolution will be forwarded to the DSWA.

A copy of the resolution affirming the appointees to the regional board is included in Section Six of Addendum One.

Evidence of local compliance with uniform financial accounting requirements is provided in Section Seven of Addendum One.

The region held a public hearing regarding the solid waste plan on June 16, 1994. A copy of the comments received at the public hearing is included in Section Eight of Addendum One.

The enclosed information constitutes the full response by the Cheatham County Solid Waste Regional Board to the comments provided in the letter by the DSWA dated March 13, 1996. Should you have any questions or need further information, please call me or Ilia C. Jefferson of Draper Aden Associates at (615)259-3996.

Sincerely,
Cheatham County
Regional Solid Waste Board

Mike Burton
Chairman

SECTION ONE

Comments Provided by
Division of Solid Waste Assistance
on March 13, 1996
March 13, 1996

Mr. Mike Burton, Chairman
Cheatham County Municipal Solid Waste Planning Region
387 E. Kingston Springs Rd.
Kingston Springs, TN 37082

Dear Mr. Burton:

Thank you for the submission of the Cheatham County Solid Waste Management Plan. I regret our delay in responding to your region's solid waste plan. The purpose of our review is to provide constructive comments that will assure your regional solid waste plan is complete and complies with the Solid Waste Management Act of 1991. The plan is a commendable effort and the information provided is both complete and adequate in most cases. However, the Department cannot grant final approval to the plan in its present form. The plan evaluation committee has recommended that the following deficiencies be addressed prior to approval:

- **BUDGET AND FUNDING** - The budget and funding information is not adequate or complete. The region must clarify specific budget information, provide additional budget information, expand discussion of potential revenues to implement the plan, and revise the ten-year budget. Please refer to the attached review comments under Chapter XI. For additional information regarding budget requirements, please note review comments regarding the budget and funding information in Chapters II, VI, VIII and IX.

- **DISPOSAL CAPACITY ASSURANCE** - The region has not adequately assured disposal capacity. The region must show evidence that the region will assure disposal capacity for the ten-year planning period. Please refer to the attached review comments in Chapter VIII.

- **IMPLEMENTATION SCHEDULE** - A complete implementation schedule is lacking in the plan. A comprehensive schedule for all solid waste programs in the region extending through the year 2003 is needed. The plan also does not provide a complete implementation schedule for assuring disposal capacity. The plan must provide an implementation schedule for the ten-year planning period as it describes disposal capacity, along with specific milestones that can be used to document progress toward achieving regional goals and objectives. Please refer to the attached review comments in Chapters VIII and XI.
• COUNTY COMMISSION APPROVAL - The plan does not contain evidence that the Cheatham County Commission has approved the plan. The region must provide clear evidence of the plan's adoption by the County Commission to acknowledge the county's commitment to support and fund the plan. Please refer to the attached review comments under Chapter XII.

• CONFIRMATION LETTERS - There is no evidence of appointment or confirmation of members of the solid waste regional planning board representing Cheatham County and the Cities of Ashland City, Kingston Springs and Pegram in the plan. The region must submit evidence of their appointment and confirmation from the county executive and mayors. Please refer to the attached review comments under Appendix A.

• UNIFORM FINANCIAL ACCOUNTING - There is no evidence that the local governments within the region have adopted the financial accounting requirements that are mandated in the Solid Waste Management Act of 1991. Letters of compliance with these requirements are required of any county, municipality or solid waste authority that operates a landfill or provides collection services, recycling services, and other solid waste processing activities. Please refer to the attached review comments under Appendix A.

• PUBLIC HEARING - There is no evidence of a public hearing on the Cheatham County Solid Waste Management Plan. In addition to the legal requirements for a public hearing, a summary of the public hearing is recommended because it will be useful to document comments on contentious issues. Please refer to the attached review comments under Appendix C.

In accordance with the Solid Waste Management Act of 1991, T.C.A. Section 68-211-814, the deficiencies identified above are to be corrected within thirty (30) calendar days from the receipt of this letter. These deficiencies are detailed under the respective IMMEDIATE ATTENTION review comments. If you need any further clarification on these deficiencies, please contact our office.

In addition to the issues raised above, the plan evaluation committee has identified an issue that should be resolved in the region's Annual Report. Specifically, the report to be submitted in March of 1996 should address:

• WASTE REDUCTION GOAL - The region has not adequately described waste reduction activities designed to attain the twenty-five percent (25%) waste reduction mandated by the Solid Waste Management Act of 1991. The region should revise its calculations and resolve and revise the discrepancies, or explain the reasons for such discrepancies. Please refer to the attached review comments in Chapter IV.

However, due to the delay in your region receiving the review comments, the following Annual Report issue(s) may be resolved when the region submits the 1997 Annual Report:
Mr. Burton  
Page 3  
March 13, 1996

- PLANNING COMMISSION REVIEW - The plan does not include evidence that the municipal planning commissions of Ashland City, Kingston Springs and Pegram or the Cheatham County Planning Commission have been advised of the development of the plan. Both regional and municipal planning commissions should be made aware of plans affecting the future of their respective areas. Please refer to the attached review comments under Chapter XII and Appendix E.

Chapter-by-chapter comments submitted by the plan evaluation committee along with recommendations for action have also been included. Comments on issues other than those specifically detailed above are provided solely for your information, and may be useful as you review your implementation progress and as you update the plan. This letter and attachments should be kept with and become part of the plan.

Our goal is to develop practical, effective, complete regional solid waste plans. I invite you to call our office at 615-532-0091 for more information regarding modifications to correct your specific plan deficiencies.

Please let us know how the Department can assist you in moving toward the important task of attaining final approval of your region's solid waste plan.

Sincerely,

Paul Evan Davis  
Director  
Division of Solid Waste Assistance

ADDENDUM I

SECTION TWO

Budget and Funding

Note:

1. The budget and funding tables provided in this section represent the comprehensive budget and funding plans required for implementation of the programs described in the regional plan. As such, the tables provided in this section replace all budget tables provided in the regional plan.

2. All expenditures provided in the budgets have been escalated using an inflation factor of 5% for the years subsequent to the initial program implementation.

TOTAL BUDGET  

|  | $875,227  | $897,765  | $932,683  | $1,334,654  | $1,401,387  | $1,471,456  | $1,545,029  | $1,622,290  | $1,703,394  | $1,788,564  | $1,877,992  |

Notes:
1. This table supersedes those tables provided in the 10 year plan, including:
   - Ten Year Budget For Waste Reduction (5% Inflation After 1996),
   - Ten Year Budget - Collection and Transportation,
   - Total Collection and Transportation Costs,
   - Ten Year Budget for Administration of Recycling Programs (5% Inflation),
   - Landfill Development Costs,
   - Ten Year Budget for Disposal,
   - Chapter 9 Staffing and Budget Needs,
   - Chapter 10 Implementation Schedule
2. All costs have been inflated using a factor of 5%.
3. The costs for collection trucks have been split between collection and recycling.
4. The capital costs under recycling are for the purchase of bins. The costs have been shown to rise with inflation since it is estimated that some of the bins will be replaced each year.
5. Disposal costs are based upon the decision made in September 1996 by the county commission to privatize disposal services. Contractual fees from 1997/98 through the planning period include the gate fee and hauling costs.
6. Although a decision has been made to privatize disposal services, the costs for collection vehicles has been kept in the budget because the county is still planning to develop a Class III/IV landfill and operate a recycling program. Collection vehicles will be used for both of these programs.

ADDENDUM I

SECTION THREE

Disposal Capacity Assurance

Note:

The tables provided in Section Three replace any disposal schedules provided in Chapters VIII and XI of the regional plan.
COMPLIANCE SCHEDULE FOR
CONTRACTING/PROVIDING DISPOSAL CAPACITY

Schedule for Assurance of Disposal Capacity for **Cheatham County**

Date to be completed by:

Evaluate the needs for disposal capacity
(waste characterization: types and quantities) ___________ July 15, 1994 ___________

Develop RFP to Privatize Disposal Services ___________ June 30, 1996 ___________

Advertise RFP ___________ July 17 & 24, 1996 ___________

Receive Bids ___________ August 8, 1996 ___________

Evaluate Proposals ___________ September 16, 1996 ___________

Award Contract ___________ January 1, 1997 ___________

Note: All the preceding activities should be scheduled to be completed on or before January 1, 1996.

Once the Contract is negotiated and finalized, please inform the division of the length and terms of the contract. If the contract is for a period of time less than the planning period (year 2003), submit a schedule for renewal of the existing contract or negotiation of a new contract.

The preceding schedule is based upon a decision by the county commission to privatize disposal services. A commission voted on this issue on September 30, 1996. The date for awarding the contract is tentative as of the date of submittal of Addendum One of the solid waste plan. Once the contract is awarded, a copy of the contract will be forwarded to the DSWA along with the Annual Progress Report.
November 22, 1996

Ms. Linda Fizer
County Executive
Cheatnham County Public Square
Ashland City, TN 37015

Dear Ms. Fizer,

BFI's Middle Point Landfill, located in Walter Hill, Tennessee, currently has sufficient airspace available to accommodate the Solid Waste Disposal needs of Cheatham County for a minimum of ten years.

Should you need any further explanation, or clarification, please feel free to contact BFI at any time.

Sincerely,

[Signature]

Glenn Youngblood
District Vice President
Middle Point Landfill

## Chapter VIII: Waste Disposal
- Dispose of waste at Bi-County Landfill
- Evaluate needs for disposal capacity
- Develop RFP to privatize disposal services
- Advertise RFP
- Receive bids
- Evaluate proposals
- Award contract

## Chapter IX: Public Information/Education
- Prepare press releases for beginning of all programs
- Work with block leaders for community yard sales
- Work with pilot community for implementing purchasing policy
- Backyard composting program kick-off
- Begin seminars for civic groups
- Begin education in area industries
- Schedule meetings with ministerial alliances
- Begin education programs in the schools
- Begin work with local nurseries
- Begin education in area offices
- Begin education in area stores
- First mass purchase of recycled products

## Chapter X: Problem Wastes
- State funded annual HHW collection event
- Maintain tire storage area
- Implement illegal dump investigation
- Develop a waste oil collection center
- Utilize litter grant funds for roadside cleanup

SECTION FIVE

County Commission Approval

Note: The county commission has not approved the Cheatham County Regional Solid Waste Plan. Several resolutions have been passed regarding the plan but these have dealt with deferring approval of the plan until the Public Works Department could review the plan and rejecting the plan. Resolutions regarding the plan have been included in this section.
RESOLUTION: 16
RESOLUTION TITLE: Defer Solid Waste Plan for Public Works Committee to Review
DATE: JANUARY 16, 1995
MOTION BY: Mr. Rick Johnson
SECONDED BY: Mr. Jim Garrett
QUESTION: Ms. Ann Jarreau

COMPLETE RESOLUTION:

BE IT THEREFORE RESOLVED, That the Cheatham County Legislative Body meeting in Regular Session this the 16th day of January, 1995, in the General Sessions Courtroom at the Courthouse in Ashland City, Tennessee; Postpone approval of Solid Waste Plan for review by Public Works Committee.

RECORD: Resolution passed by Roll Call Vote, 11 Yes, 1 No, 3 Absent.

COUNTY EXECUTIVE'S REMARKS:

Linda S. Fizer, County Executive

CHEATHAM COUNTY COMMISSION CHAIRMAN ACKNOWLEDGMENT:

W. J. Hall, County Clerk

I, W. J. Hall, do hereby certify that I am the duly authorized and acting County Clerk of Cheatham County, Tennessee. And as such official, I further certify that this resolution was duly passed in open court and offered for signature to the Honorable Linda S. Fizer, County Executive; that this resolution was promptly and fully recorded and is open to public inspection.

Witness, My official signature and seal of said county, this the 16th day of January 1995.

W. J. Hall, County Clerk
RESOLUTION: 12

RESOLUTION TITLE: Cheatham County Solid Waste Plan

DATE: FEBRUARY 20, 1995

MOTION BY: Mr. Rick Johnson

SECONDED BY: Mr. John Haines

COMPLETE RESOLUTION:

BE IT THEREFORE RESOLVED, That the Cheatham County Legislative Body meeting in Regular Session this the 20 day of February, 1995, in the General Sessions Courtroom at the Courthouse in Ashland City, Tennessee:

A Resolution Regarding the Cheatham County Solid Waste Plan

BE IT RESOLVED BY THE CHEATHAM COUNTY COMMISSION THAT:

Cheatham County continue its solid waste operations as currently implemented until the Cheatham County Regional Solid Waste Plan is approved and implemented;

Cheatham County officially request some form of assurance from the Bi-County Landfill that Cheatham County may continue to use their facilities until our own plan is fully implemented;

The County Commission requests and authorizes joint meetings of the Cheatham County Solid Waste Regional Planning Board and the Commission's Public Works Committee as often as necessary in order to agree on a plan to submit to the State no later than 90 days from the date of passage of this Resolution.

RECORD: Resolution passed by Roll Call vote, 13 Yes, 2 No.

RESOLUTION NO. 18

RESOLUTION TITLE  AMENDMENT TO THE RESOLUTION CREATING A SINGLE-COUNTY SOLID WASTE PLANNING REGION FOR CHEATHAM COUNTY

DATE  JULY 13, 1993

MOTION BY  THOMAS L. STUART
SECOND BY  GROVER ANDERSON

COMPLETE RESOLUTION:

BE IT THEREFORE RESOLVED that the Cheatham County Legislative Body meeting in Regular Session this 19th day of July, 1993 in the Criminal Justice Courthouse in Ashland City, Tennessee: motion to amend the resolution creating a Single-County Solid Waste Planning Region for Cheatham County.

SECTION 5  The County Executive shall appoint subject to confirmation of County Commission a minimum of six (6) and maximum of eight (8) members who are residents of Cheatham County. In addition, the cities/towns of Ashland City, Kingston Springs, and Pegram shall each have a member appointed by that city/town’s Mayor.

SECTION 6  That one third of the members of the Board of The Municipal Solid Waste Region shall serve six (6) year terms, another one third will be a four (4) year term and the remaining one third will be a two (2) year term. A member of the Municipal Solid Waste Region serving as a representative from a Cheatham County Legislative District shall relinquish his or her position on the Municipal Solid Waste Region in the event he or she is no longer a member of the Cheatham County Commission.

Public Hearing
Cheatham County Solid Waste Plan

Written Comments From 6/16/94 Public Hearing

1. (Signed by Michael W. Sullivan)

Please explain how we can operate a landfill with only the waste from Cheatham County.

2. (Signed by Charles E. Trimble)

Request Additional time for the Public to be properly Notified of this type of hearing. Most People have not been advised of this Hearing until today. 6/16/94
It is not Prudent, to not give the public at least three weeks Public Notification Prior to this hearing.

3. (Signed by Ann Hiett)

1) How was This Meeting Advertised To The Public and When?
2) Have All Meetings Been Advertised To The Public? How Much Notice?
3) How many Consultants were Interviewed?
4) How Much will The Landfill Cost vs. Transfer stations in the 1st, 2nd, 3rd,
4th, and 5th year?
4A) Were will the Moneys come from in the event the landfill Does not pay for itself? Is every Member willing to stand Behind their individual decision to keep the land fill Open should it cost the taxpayer money?
5) Have the Groundwater Test Results come back and what were the Specific Results?

Comment
6) I am deeply Concerned that individual efforts to make a decision has not been at it's best. There are members who go along No Matter what is said & are not fully informed and In my opinion have been influenced to the point thinking or speaking for Themselves is Not allowed. This is a decision that will effect our County No Matter who you are & No Matter Where in the County You Live.

Attn: Gary L. Lide, P.E.

I commend the Cheatham County SWPB for their hard work in formulating a solid waste plan for submission to the Cheatham County Legislative Body. While I agree with some aspects of the proposed plan, I am opposed to the reopening of the landfill.

Operation of a landfill is a highly technical and extremely expensive task with the potential for unlimited liability. It is, therefore, a financially impractical project for a county of our size to undertake.

Cheatham County has a poor "track record" when it comes to operation of a landfill. We have been in almost continuous violation of the regulations governing landfill operation and are, to the best of my knowledge, under notice from the State of Tennessee at this time.

The people of Cheatham County have made it quite clear that they are unwilling to accept outside county waste at the landfill. Private industry, on the other hand, is receptive of waste regardless of its origin. Operational costs remain relatively constant while volume increases the profit margin. If good faith negotiations are entered into, private industry would most certainly produce a long term contract that is both profitable to them and less expensive to the county than operation of a landfill.

The cost figures presented to the board on a county operated landfill were at least, to some extent, based on assumptions. We should not base such an important decision on a best case scenario. Even with these "best case figures", Gary Lide, consultant to the board, expects that a transfer station would be less expensive than operation of a county landfill facility. If operation costs increase due to lack of participation, equipment problems, construction failure, etc., these expenses will be passed on directly to the taxpayers.

Private industry will produce a long term contract that can be negotiated to eliminate the above mentioned "surprises". A fixed cost can be depended on regarding disposal expenses. Cheatham County should maintain the current permit to operate a landfill. This could be used as a "bargaining chip" in future negotiations.

With the information provided, it appears that collection, transportation, recycling, and demolition disposal should remain the responsibility of the county. A single department, with one department head should be able to manage these aspects of the program.

Gary Lide said that with 100% participation, the landfill approach will not be cost effective. A county operated landfill will be a long term commitment to economically inefficient government.
