Agenda

• Introductions
• Grant Overview
  – Used Oil
  – Convenience Center
  – Household Waste
  – Recycling Equipment
    • Recycling Rebate (Top 5)
• Question and Answer
Used Oil Automotive Fluid Grant
Used Oil Automotive Fluid Grant

• What is the purpose of this grant?
  – To reduce the amount of improperly disposed used oil and other automotive fluids by providing incentives to increase the number of collection facilities for used oil and automotive fluids

• Who is eligible for this grant?
  – Tennessee counties, municipalities, and organizations which have been determined to be tax exempt nonprofit recycling organizations or who are designated as 501(c)(3) by the Internal Revenue Service.
• What are the **three priorities** established for this offering?

1. To establish new automotive fluid collection infrastructure in an under-served location or new site.

2. To upgrade or replace existing equipment at collection centers not currently meeting the standards specified in the “*Used Automotive Collection Center Program Requirements.*”

3. To establish a Do it Yourselfer (DIY) automotive fluid collection at an existing recycling center, solid waste collection facility, or other publicly owned facility.
• When does this application open?
  – July 13, 2022

• How long is the application open for?
  – 2 weeks

• When should the application be submitted by?
  – A complete application shall be submitted in the Grants Management System (GMS) online on or before July 27, 2022, by 4:30 p.m. CDT.
Convenience Center Grant

• What is the purpose of this grant?
  – to provide funding assistance to eligible applicants that need to enhance their collection assurance requirements through elimination and replacement of unmanned county collection systems (“Green Boxes”), upgrades for existing sites, and establishment of new sites.

• Who is eligible for this grant?
  – Tennessee counties needing grant assistance for the purpose of upgrading or establishing convenience centers required by T.C.A. § 68-211-851 may apply.
Convenience Center Grant

• What are the three priorities established for this offering?

1. Applicants that are replacing and eliminating unmanned county collection systems (“Green Boxes”).

2. Applicants that are updating existing convenience centers for safety and compliance standard needs.

3. Applicants that are establishing a new convenience center that provides access to an underserved area or applicants that do not meet the minimum level of service for the number of convenience centers under Rule 0400-11-01-.10 (2).
Convenience Center Grant

- When does this application open?
  - July 13, 2022

- How long is the application open for?
  - 2 weeks

- When should the application be submitted by?
  - A complete application shall be submitted in the Grants Management System (GMS) online on or before July 27, 2022, by 4:30 p.m. CDT.
Household Hazardous Waste Grant
Household Hazardous Waste Grant

- What is the purpose of this grant?
  - To provide funding assistance to eligible applicants that require assistance to enhance their collection of household hazardous waste in their region

- Who is eligible for this grant?
  - Only organizations currently operating an existing permanent Household Hazardous Waste Collection Facility shall be rated with priority and each facility servicing the public at a minimum of five days a week.
  - Optionally, organizations seeking to establish a HHW site and sites seeking operational costs may be considered in the event funds remain available.
Household Hazardous Waste Grant

• In what priority will the applications be reviewed?

1. Hazardous waste collection and disposal fees at an established site.

2. Establishing a new hazardous waste collection site.

3. Maintenance or operational costs at an established collection site.
Household Hazardous Waste Grant

• When does this application open?
  – July 13, 2022

• How long is the application open for?
  – 2 weeks

• When should the application be submitted by?
  – A complete application shall be submitted in the Grants Management System (GMS) online **on or before** July 27, 2022, by 4:30 p.m. CDT.
Recycling Equipment Grant
Recycling Equipment Grant

• What is the purpose of this grant?
  – To support efforts of local governments toward achieving their waste reduction and recycling goals.

• Who is eligible for this grant?
  – Tennessee counties, cities, solid waste authorities and organizations (not within the Top 5 most populous counties) which have been determined to be tax exempt nonprofit recycling organizations who are designated as 501(c)(3) by the Internal Revenue Service may apply for grants under T.C.A. § 68-211-825.
Recycling Equipment Grant

- When does this application open?
  - September 12, 2022

- How long is the application open for?
  - 2 weeks

- When should the application be submitted by?
  - A complete application shall be submitted in the Grants Management System (GMS) online on or before September 26, 2022, by 4:30 p.m. CDT
Recycling Rebate

• When shall award letters be delivered?
  – The same time as Recycling Equipment executed contracts

• How is funding allocated?
  – Funding shall be allocated proportionally by the Top 5 most populous county and subsequent municipalities within the state according to the annual estimated census released in April by the United States Census Bureau
