**CLOSURE OF  
HAZARDOUS WASTE MANAGEMENT FACILITY PERMIT**

**Permittee:** Milan Army Ammunition Plant  
**Facility:** Milan Army Ammunition Plant  
**Owner:** U.S. Army Department of Defense  
**Operator:** American Ordnance LLC  
**Type:** Container Storage  
**Units:** 14 Earth-Covered Storage Magazines, Building J-137, and Explosive Waste Transfer Facility  
**EPA ID:** TN0210020582  
**Permit:** TNHW-152

Pursuant to the Tennessee Hazardous Waste Management Act of 1977, as amended (Tennessee Code Annotated 68, Chapter 212, Part 1) and the regulations promulgated thereunder by the Underground Storage Tanks and Solid Waste Disposal Control Board (found at Tennessee Rule Chapter 0400-12-01), hazardous waste management facility permit number TNHW-152, issued to Milan Army Ammunition Plant (MLAAP) on September 26, 2012, is hereby closed pursuant to Rule 0400-12-01-.07(9)(d), at the request of the permittee.

**Tennessee Hazardous Waste Permit TNHW-152, Attachment 8. Closure Plan states in part:**

*This plan identifies all steps necessary, to partially close or completely close any of the hazardous waste container storage units at any point during their intended operating life. A post-closure plan is not required because this is not a disposal facility and all wastes will be removed at closure.*

MLAAP has completed all closure activities in accordance with Permit TNHW-152 and applicable closure standards listed in 0400-12-01-.06(7)(b). MLAAP has submitted Closure Reports that documents all the closure activities that were conducted for each storage unit (14 Earth-Covered Storage Magazines, Building J-137, and the Explosive Waste Transfer Facility) at the Site.

*Building J-137:*

The original Closure Report for Building J-137 was submitted on January 15, 2024. The DSWM sent a Notice of Deficiency (NOD) for Building J-137 Closure Report on April 15, 2024. The Revised Closure Report was submitted May 23, 2024, with approval from the DSWM on August 12, 2024.

*14 Earth-Covered Storage Magazines:*

The original Closure Report for the Storage Magazines was submitted April 27, 2023. The DSWM sent a NOD for the Storage Magazines on November 7, 2023. The Revised Closure Report was submitted March 19, 2024, with approval from the DSWM on August 12, 2024.

*Explosive Waste Transfer Facility:*

The original Closure Report for the Explosive Waste Transfer Facility (EWTF) was submitted on April 14, 2023. The DSWM sent a NOD on November 7, 2023. The Revised Closure Report was submitted on February 6, 2024, with approval from the DSWM on August 12, 2024.

The Closure of Permit Number TNHW-152, EPA ID Number: TN0210020582, is effective as of DRAFT.
