

**NOTICE OF ISSUANCE OF A TEMPORARY EMERGENCY PERMIT
TO ARNOLD ENGINEERING DEVELOPMENT COMPLEX
ARNOLD AIR FORCE BASE, COFFEE COUNTY**

The Tennessee Department of Environment and Conservation (TDEC) Division of Solid Waste Management (DSWM) has issued a temporary emergency permit to Arnold Engineering Development Complex. The facility (EPA ID TN8570024044) is located in Coffee County at 100 Kindel Drive, Arnold Air Force Base, Tennessee 37389. The permit (TNTMP-22-001) allows temporary storage and treatment by detonation of unexploded ordnance with a D003 (reactive) hazardous waste code. The permit is valid for 90 days, beginning March 25, 2022, and shall terminate on June 23, 2022.

Issuing an emergency permit under Tennessee Rule 0400-12-01-.07(1)(d) was necessary because improper management of the hazardous waste could result in an imminent and substantial endangerment to human health or the environment. It provides the benefit of allowing the waste to be stored and treated in a controlled manner. The permit was issued under the authority of the Tennessee Hazardous Waste Management Act of 1977, as amended, Tennessee Code Annotated, Section 68-212-101 et seq., and Tennessee Rule Chapter 0400-12-01, Hazardous Waste Management.

A copy of the temporary emergency permit, including the fact sheet and this public notice, is available for public inspection at the Coffee County Lannom Memorial Public Library, 312 North Collins Street, Tullahoma, TN 37388 (931-455-2460).
