

NOTICE OF FINAL DECISION TO REISSUE A HAZARDOUS WASTE MANAGEMENT PERMIT
TO SAFETY-KLEEN SYSTEMS, INC.

The Tennessee Department of Environment and Conservation (TDEC) Division of Land Protection Management (DLP) has reissued a hazardous waste management permit to the Safety-Kleen Systems, Inc. (SKS). The facility (EPA ID TND981474125) is located in Davidson County at 215 Whitsett RD, Nashville, TN 38210.

This decision follows a public hearing on August 25, 2026, and a 45-day public comment period on the draft permit that ended on September 4, 2026. There were no attendees from the public at the August 25, 2026, meeting. No verbal comments were received during the Public Meeting. No written comments were received during the comment period. A "Response to Comments" was issued to address administrative changes by the DLP.

The renewal permit will allow the facility to continue permitted waste management operations within two container storage areas, a tank storage area, and a miscellaneous unit. Under the renewed permit, the hazardous waste stored in these units include petroleum naphtha parts washer solvent, aqueous solvent, immersion cleaner, dry cleaning waste, and paint waste collected from customers or generated on-site. The renewed permit will allow the facility to store a maximum quantity of 15,227.4 gallons in an aboveground storage tank, 6,912 gallons in the Service Center Warehouse (CSA 1), 2,184 gallons in the Flammable Material Storage Shelter (CSA 2), and 750 gallons in a miscellaneous unit (Return and Fill Station). The permit renewal application provides information on all solid waste management units (SWMUs) and areas of concern (AOCs) at the facility, including previous or ongoing investigations or corrective actions for all releases of hazardous wastes or hazardous constituents. The conditions of this permit will require that any future and existing SWMUs or AOCs be evaluated for potential releases and remediation, as necessary.

The permit is issued under Tennessee Code Annotated, Section 68-212-101 et seq., and Tennessee Rule Chapter 0400-12-01, Hazardous Waste Management. The permit is effective as of September, 18, 2026, and shall remain in effect until September 18, 2036, unless continued, revoked and reissued, or terminated under applicable regulations.

A copy of permit TNHW-202 and the Response to Comments are available for public inspection at the available for public inspection at the Nashville Public Library Thompson Lane Branch located at 380 Thompson Lane, Nashville, TN 37211, and the DLP Central Office located at the Davy Crockett Tower 7th Floor; 500 James Robertson Parkway; Nashville, TN 37243 (615) 532-0780 and at the TDEC Nashville Environmental Field Office, 711 R.S. Gass Blvd, Nashville, TN 37342, (615) 687-7000. Electronic viewing of the permit and the Response to Comments is available at:
<https://www.tn.gov/environment/program-areas/solid-waste/hw/pending-permit-docs.html>.

Individuals with disabilities who wish to participate in these proceedings (or review the file record) should contact the WMB Human Resource (HR) liaison Rachel Meredith at (615) 981-

4426 or Rachel.E.Meredith@tn.gov to discuss any auxiliary aids or services needed to facilitate such participation. Contact may be in person, by writing, telephone, or other means, and should be made no less than 10 working days prior to the event, to allow time to provide such aid or services. Contact the state's Americans with Disabilities Act (ADA) Coordinator (1-866-253-5827) for further information. Hearing-impaired callers may use the Tennessee Relay Service (1-800-848-0298).

If it is hard for you to read, speak, or understand English, TDEC may be able to provide translation, or interpretation services free of charge. Please contact (615) 532-0780 for more information.

If you would like to receive notices like this directly, contact the Public Participation Officer in the WMB's Central Office for a Mailing List Request Form. Email Solid.Waste@tn.gov or call (615) 552-8002.

RIGHTS OF APPEAL

The administrative and judicial review of this final permit is pursuant under the Tennessee Uniform Administrative Procedures Act, T.C.A. Sections 4-5-317 and 4-5-322 and the Hazardous Waste Management Act, T.C.A. §68-212-113 and Tennessee Rule 0400-12-01-.07(7)(k).

NOTICE ISSUED: September 29, 2026
