

NOTICE OF FINAL DECISION TO REISSUE A HAZARDOUS WASTE MANAGEMENT PERMIT TO OLIN CORPORATION

The Tennessee Department of Environment and Conservation (TDEC) Division of Land Protection Management (DLP) has reissued a hazardous waste management permit TNHW-204 to the Olin Corporation. The facility (EPA ID TN003337292) is located in Bradley County at 1186 Lower River Road, Charleston, TN 37310.

This decision follows a public hearing on September 10, 2026, and a 45-day public comment period on the draft permit that ended on September 22, 2026. There were nine attendees from the public at the September 10, 2026, meeting. No verbal comments were received during the Public Meeting. No written comments were received during the comment period. A "Response to Comments" was issued to address comments submitted by Olin Corporation.

The renewal permit will allow the facility to conduct post-closure care, monitoring, and maintenance of a hazardous waste landfill closed on February 17, 2026. The post-closure care requirements include all the provisions necessary for maintaining the vegetated cap and the surrounding security fence. The permit also requires groundwater sampling and analysis of the monitoring wells installed around the unit. Regular inspections and repairs are required to ensure that the cap, fence, and monitoring wells are maintained in good condition. The facility is required to report annually on all sampling, maintenance, and inspection activities performed at the site. The conditions of this permit will require that any future and existing solid waste management units or area of concerns be evaluated for potential releases and remediation, as necessary.

The permit is issued under Tennessee Code Annotated, Section 68-212-101 et seq., and Tennessee Rule Chapter 0400-12-01, Hazardous Waste Management. The permit is effective as of September 28, 2026, and shall remain in effect until September 28, 2036, unless continued, revoked and reissued, or terminated under applicable regulations.

Individuals with disabilities who wish to review the file record should contact the DLP Human Resource (HR) liaison Rachel Meredith at (615) 981-4426 or Rachel.E.Meredith@tn.gov to discuss any auxiliary aids or services needed to facilitate such participation. Contact may be in person, by writing, telephone, or other means, and should be made no less than 10 working days prior to the event, to allow time to provide such aid or services.
